

ACKNOWLEDGEMENTS

This investigation was carried out under the supervision of Dr. P.I. Kuriachan, Professor, Department of Botany, University of Kerala, Trivandrum. I wish to express my sincere gratitude to him for valuable guidance and encouragement throughout the course of this work and for helpful suggestions and advice in the preparation of the thesis. I am especially grateful to Dr. C.A.Ninan, former Head of the Department for providing necessary facilities to carry out the present investigation. I am also grateful to Prof. P.M. Mathew, Head of the Department for his help in the successful completion of this work.

I am thankful to Dr. K. Ramachandran, Retired Professor of Botany, University of Kerala for critical reading of the manuscript.

I also wish to acknowledge the assistance in photographic work received from Sri. A.Krishnankutty Nair and Sri. M. Krishna Sait, Artist Photographers of the Department of Botany and Sri. T.L.John, Artist Photographer of the Department of Aquatic Biology. I am grateful to the Director, Botanical Survey of India, Coimbatore for help in the verification of species determinations of the materials used in this study. I am also grateful to the Head of the Department of Botany, University College, Trivandrum for allowing me to utilize the herbarium facilities of that department. My thanks are due ^{to} all the teachers and colleagues in the department who have contributed to the successful completion of this work.

I am also grateful to the University of Kerala and UGC for the award of Research Fellowships which enabled me to carry out this investigation.
