Acknowledgement

The author would like to extend his sincere and profound gratitude to Prof. S. C. Das of Civil Engg. Dept., Prof. M.K. Mitra, Dean, FET, Prof. Niladri Chakraborty and Dr. G.C. Mondal for their kind guidance and preservance to finish the work.

The author deeply indebted to Prof. Rupen Chakraborty and Dr. Tuhinadri Sen for their care and help at different stages during the progress of this work.

The author is grateful to Prof. A.N. Basu, Vice-Chancellor, Prof. S.K. Sanyal, Pro-Vice-Chancellor, Prof. Siddhartha Datta, Prof. Somnath Ghosh, Prof. Phalguni Bhattacharya, Prof. Sivaji Chakraborty, Dr. Anup Ghosh, Dr. Bireshwar Majumder and Dr. Tuhin Ghosh for their encouragement inspiration and infrastructural help.

The author is grateful to all his departmental colleagues with special mention of Sri S. Saraswati who shared lots of administrative burden of the author thereby providing him relief for conducting this work.

The author would like to express his heart-felt gratitude to his parents Sri Gobinda Lal Biswas and Smt. Gita Biswas, father-in-law Sri Pannalal Mukherjee, sister Swati Patra, co-brother Bhaskar Gupta, sister-in-law Madhusree Gupta and friend Suman Sarkar for their never ending support and encouragement in carrying out the work. My wife Rupa and my little daughter Raya who had to spend many silent hours for me in the house to finish this work require special thanks.

Finally, it is next to impossible to mention everybody by name, the author would like to convey his thanks to all his students, comrades, colleagues and relatives who have contributed in one way or another, in making this work to reach this stage.
