ACKNOWLEDGEMENT

As I approach the completion of my research work for the Degree of Doctor of Philosophy, I consider it a great privilege to express my heartfelt gratitude to all those who stood beside me during the last three years.

I consider myself fortunate enough to have got Prof. (Dr.) Biswanath Sa as my project guide. One of the many aspects of his guidance which I must mention of, is the extent of latitude he allowed through the project. His indefatigable delving into the various research papers helped me solve apparently enigmatic problems.

I am also grateful to Prof. A. Nanda, Prof. T. Jha, Prof. U.K. Mazumder, Dr. Anup Ghosh, Dr. Tuhin Ghosh, Dr. Tuhinadri Sen, Dr. Subhabrata Ray, Dr. Subrata Sinha, Utpal Dutta, Kallol Majumder and Dr. Gulum Mustapha who extended their helping hand whenever I wanted their valuable advice. I must also thank Prof. A.K.Banejee and Prof. S. Ghosh Dastider for allowing me to use their laboratory facilities.

I owe a lot to the research scholars Sibuda, Dipankarda, samirda, Santanu, Bikash, Dipan, Dilip, Nityanada, Bidhan, Mani Senthil, Subrata, Balaram, Sabhasachi, Mintu, Somashree, Sisir and all other members of Jadavpur University Research Scholar’s Association who enlightened me in various fields.

My project would not have progressed at all without the generous help of Biman Saha of D.I. Laboratories who ensured a constant supply of deionized water.

I am immensely thankful to Indian Institute of Chemical Biology and Indian Association for the Cultivation of Science for allowing me to use various facilities.

I convey my heartiest thanks to Satya, Druba, Soban, Subro, Sobanlal, Asit, Pijush, Biswadip, Balaram, Parimal, Falguni, Biplab, Himansu, Debasis, Manas and Ipsit.

It is high time now that I should mention the name of someone who was with me from the very first day of my project. He is none other than my coworker, C.M.Setty. We thoroughly enjoyed each other’s company and today I am feeling deep sorrow at the imminent end of this perfect partnership.
My parents as always were beside me in some difficult times during the course and I feel extremely happy to have finished the project successfully.

Lastly, I express my gratitude to the authorities of Jadavpur University for providing all the facilities to go through the project and to the UGC for providing me Senior Research Fellowship (Under State Government Departmental Fellowship Scheme of Jadavpur University).
