This is partly with a sense of happiness and partly with a sense of sorrow that I pen these few lines to express my feelings and gratitude to those who helped me to accomplish this stupendous task. I feel happy that I could get all possible encouragement, guidance and affection from my supervisor Dr. Hari Krishna Srivastava (Recipient of Honorable Dr. Krishnamurty Award'95), Reader, Department of Chemistry, Post Graduate College, Ghazipur (233001) during the completion of this work but I feel sad that our association is coming to an end officially. Though, I sincerely hope that unofficially it is just about to start. I will remain indebted to him. I am thankful to Dr. R.N. Singh, Reader in Chemistry, SGRPG College, Dobhi, who acted as my co-supervisor. I am thankful to Dr. N.B. Singh, Head Department of Chemistry, SGRPG College, Dobhi, Jaunpur for providing lab facilities in his Institution.

My sincere thanks are due to Dr. V.P. Singh, Principal, SGRPG College, Dobhi, Jaunpur who was kind enough to provide all possible help to me and to my guide in his Institution for Ph.D work.

I am thankful to Shri R.C. Malviya, P.G. College, Ghazipur for providing lab facilities in Electro Chemical Research Lab., P.G. College Ghazipur and for his valuable suggestions.

Thanks are due to Mr. S.N. Lal, Technical Officer, Department of Metallurgical Engineering, B.H.U., Varanasi for providing the facility of scanning electron microscopy. I am grateful to all my research colleagues & well wishers who fortunately are many but unfortunately are so many that it will not be possible to mention them individually.

Special thanks are due to my elder brother Mr. Anoop Thakur who was ever ready to discuss important points & encourage me a lot.
Thanks are due to UGC, New Delhi for financial assistance & to Dr. A.N. Singh, Principal of P.G. College, Ghazipur to appoint me as a research scholar (UGC major project).

Last but not the least, I would like to mention the emotional support and moral boosting I received, sometimes in quite tiring moments from my spouse Mr. V.K. Singh.
