It is difficult to express my heartfelt gratitude to my father, brothers and sister for their constant encouragement and affection which brought me to this stage.
It was the time that should have been given to my family but have been spent by me for the preparation of this manuscript due to pressure of my busy schedule. Finally, I owe my thanks to my wife, Poonam and son Ipsit for bearing with me in the harsh tensions of the preparation of this manuscript. Without their support I can not bloom in any spheres of life.

It is always difficult to single out individuals who have contributed in many ways for the completion of this work. At last but not the least, I would like to thank all those who could not find space in foregoing pages but have helped me directly or indirectly during the course of study.
