ACKNOWLEDGEMENT

I am greatly indebted to the Almighty for the immense grace and blessings, Who strengthened me throughout the way to the thriving fruition of this dissertation work.

Successful completion of this thesis work is devoted to the sincere help and guidance rendered by my supervisor, Dr. T. Christopher, Professor and Head, Department of Mechanical Engineering, Government College of Engineering, Tirunelveli for being invaluable to me. Another important person in my research tenure is Dr. B. Nageswara Rao, Formerly Head, Structural Analysis and Testing Division, Vikram Sarabhai Space Centre, Thiruvananthapuram, who has been a source of knowledge and inspiration. I am greatly indebted to him for his kindness in clearing my difficulties.

I want to express my gratitude to the Doctoral Committee members Dr. K. Sankaranarayanasamy, Professor, Department of Production Engineering, National Institute of Technology, Thiruchirapalli and Dr. K. Srithar, Professor, Department of Mechanical Engineering, Thiagarajar College of Engineering, Madurai, for their valuable suggestions on my dissertation.

I would like to thank all the faculty members, supporting staff and friends in the Department of Mechanical Engineering, Government College of Engineering, Tirunelveli for their support in all respects.

Last but not the least, I wish to express my heartfelt appreciation to my dear husband, Dr. K. Jeyakumar and my son J. K. Aneesh Roghaan for their love, support, sacrifice and encouragement throughout this Doctoral program.
