PARENT LETTER

Dear Parent,

I, Aneesha Babani am a Ph.D. scholar pursuing Clinical Psychology at the Sampurna Institute of Advanced Studies, which is a practice school of MLCU.

In my research, I am studying the effectiveness of an anti-bullying intervention in reducing bullying behavior among sixth standard boys. As you are aware, I have conducted a program with the class that your son is part of. This program was intended to help protect the middle school students from risky behaviors such as bullying and aggression. The workshop also aimed at improving student’s school success.

In order to maintain the benefits of the workshop, I would like to meet with the parents of each participant child. This is necessary as you form an important part of your child’s life. Kindly use this opportunity to share with me any concerns that you may have about your child’s academic and social performance.

I will be available for a personal meeting at the school campus on the following days.

- 27th August 2012 – Between 1 to 3 pm.
- 3rd September 2012 – Between 1 to 3 pm.

I would appreciate if both parents would make time and attend the meeting.

Thank you for being an immense support to your son and allowing him to participate in this workshop.

Sincerely,
Ms. Aneesha Babani
