DEDICATED TO MY PARENTS
Although each day brings challenges and things that are unknown,
You needn't face them by yourself or deal with them alone,
For others care about you and will keep you close in prayers.
And above all, God will guide you for
His love is always there

- EMILY MATTHEWS

With a deep sense of gratitude and indebtedness, I thank Dr. Birendra Nath Mallick, my supervisor, for his invaluable guidance, constructive criticism, encouragement and keen interest.

I am extremely grateful to Prof. Rajendra Prasad, Dean, SLS for the support extended during this period.

I sincerely thank all the C.I.F. and SLS staff for their technical and administrative help. I also wish to thank Dr. V.C. Tyagi for the regular supply of laboratory animals. A special word of mention is due to Mr. Saini for his excellent execution of art and photographic works.

I must acknowledge with deep appreciation my seniors, Dr. Noor Alam, Dr. Mahesh Thakkar and Dr. Seema Gulyani for their indispensible support, suggestions and discussions. I am extremely thankful to my labmates Melvi, Ganga, Anupama, Stephen, Satvinder, Sushil, Mona, Bhibuti, Preeti and Sudipta for maintaining the cheerful and homely atmosphere in the lab. I am extremely thankful to Mr. Pravesh, Mr. Ghanshayam, Mr. Mansingh and Mr. Ramkripal for their indispensible laboratory assistance.

I wish to sincerely thank Dr. Deepak Sharma and Dr. Varsha for their valuable support.

I am grateful to University Grants Commission (UGC) for financial assistance provided to me in the form of J.R.F. and S.R.F. The financial support of CSIR, ICMR and DBT is gratefully acknowledged.

There are no words to express my heartiest gratitude to my parents, brother, sister-in-law, my husband and in laws, especially my mother-in-law. Very special thanks goes to my daughter, Shruti who being the youngest, provided me the greatest help and inspiration.

Last, but not the least, I am thankful to all my friends, especially Beena, Jaspreet Sarabjit and Reema who supported and encouraged me to bear the hardships of research life.
