ACKNOWLEDGEMENTS

I deem it a privilege and pleasure to work under the guidance of Prof. U. C. De, U. G. C. Professor, Department of Pure Mathematics, University of Calcutta. His supervision, encouragement and inspiring thought added a new dimension to my dedication to reach the objective of the work done.

I am indebted to him for his constant guidance through the work and in the preparation of the thesis. I would like to convey my sincere most respect and deep gratitude to him.

My obligatory thanks are due to the University of Calcutta and especially to its Department of Pure Mathematics for allowing me to work as a researcher there.
