ACKNOWLEDGEMENT

The idea of working with the topic evolved from various discussions with my supervisor, **Prof. Tapan Kumar Jana**, Professor, Department of Marine Science, University of Calcutta. His superior perception and application of unique hypotheses led my dissertation to a successful completion. May I express my unconditional respect and love for the person who strongly encouraged me throughout my research period.

I am also thankful to my joint-supervisor **Dr. Tarun Kumar De**, Associate Professor, Department of Marine Science, University of Calcutta, for providing timely support and guidance during the research work.

I am indebted to **Dr. S. K. Mukhopadhyay**, Associate Professor, Department of Marine Science, University of Calcutta for extending continuous moral support and valuable scientific inputs whenever required.

I would like to express my sincere thanks to the Head of the Department; Dr. Amit Ray, Dr. Santosh Kumar Sarkar, Prof. Ashoke Kumar Bhattacharya and Dr. Abhijit Mitra for their help and valuable suggestions during my work.

I would like to thanks to non-teaching staffs of the Department of Marine Science for providing necessary research facilities and kind cooperation to carry out the entire research work.

My Sincere thanks to all of my present and former lab-mates: Dr. Dipnarayan Ganguly, Dr. Mitali De, Dr. Sanjay Kumar Mandal, Lakshmi Kanta Jana, Subhajit Das, Chumki Chowdhury, Natasha Majumder, Manab Kumar Dutta, Santo Hazra for their ceaseless assistance and sound co-operation both in case of lab work and field research.
I am highly indebted to Dr. Kumaresh Ghosh, Dept. of Chemistry, Kalyani University for encouraging to use FTIR during research and Dr. Pradyut Ghosh, Dept of Inorganic Chemistry, Indian Association for The Cultivation of Science, Kolkata, for guiding in TGA-DSC experimentation.

Most gratefully I must acknowledge the Department of Environment, Govt. of West Bengal, for providing the Junior Research Fellowship.

Thanks are also due to Sundarban Biosphere Reserve and Divisional forest office, South 24 Parganas, Govt. of West Bengal for giving permissions to bring required mangrove samples for the research experiment.

Lastly, this is to express my heartiest gratitude and love to my family members: grand mother, father, mother, brother, sister-in-law and Sananda Banerjee for their immortal affection and towering inspiration all through my life. This work would not have been possible without their patience and interest.
