ACKNOWLEDGEMENT

I express my sincere regards and deep sense of gratitude to my research guide Prof. Antony Gomes, Professor, Department of Physiology, University of Calcutta for his continued guidance, valuable suggestions and ceaseless encouragement throughout the course of this investigation.

I am sincerely grateful to Dr. (Mrs.) Aparna Gomes, Scientist, Division of New Drug Development, Indian Institute of Chemical Biology, Calcutta for her kind help and suggestions.

I am deeply grateful to Dr. S. C. Dasgupta, Reader, Postgraduate Department of Zoology, Maulana Azad College, Kolkata, for his valuable advice and constant encouragement during the course of this work.

I extend my thanks to Dr. A. K. Chakravarty, Scientist, Division of Medicinal Chemistry, Indian Institute of Chemical Biology, Calcutta for his kind assistance in spectral analysis.

I extend my sincere thanks to Dr. Labanyamoy Kole, Scientist, GVK Biosciences, Hyderabad, India for his kind help & suggestions during the study.

I thank Dr. A. K. Biswas, Department of Internal Medicine, Kothari Medical Centre, Kolkata, for his kind help and suggestions.

I am grateful to RSIC, Indian Association for the Cultivation of Science, Calcutta, RSIC, Bose Institute, Govt. of India, India, Geological Survey of India, Govt. of India, India for analytical help.

I am grateful to Natco India Pharma Ltd., Hyderabad, India, for the gift of Imatinib mesylate.

I thank my laboratory fellow colleagues for their cooperation & help during the investigation.

My sincere thanks to the teaching & non-teaching staff of the Department of Physiology, University of Calcutta for extending all relevant help concerning the study.

Finally, I wish to thank the University Grants Commission, New Delhi, India for the award of my fellowship and partial financial assistance, which made it possible to carry out the present investigation.
