Acknowledgement

It gives me a great pleasure to pay my respect to my supervisor Dr. Rajat Banerjee, Department of Biotechnology and Dr. B.C Guha center for Genetic engineering and Biotechnology, University of Calcutta, for his interest in my research, his intellectual support, his encouragement and the granted freedom throughout my research. I was privileged to have him as my research supervisor. I am very grateful for his time, his sincere critiques and appreciation when deserved.

I would like to express my thanks to Professor D. Kern, Dr. Michael Blaise and Professor Kalipada Das for their valuable input during the course of my research.

I would especially like to acknowledge Professor Jacques Lapointe, Professor Gabor Iglo, Professor Gautam Basu, Professor Dipak Dasgupta, Dr. M. Sudarshan, Dr. Nabendu Sekhar Chatterjee and Professor Soumen Basak for experimental assistance.

Members of Faculty (Professor Indu Bhusan Chatterjee, Professor Dhrubajyoti Chattopadhyay, Dr. Koustubh Panda, Dr. Gopal Chakraborty, Dr. Anindita Seal) of the Department of Biotechnology have happily listened to me and offered generous advice where they could – thank you very much for your contributions.

I would like to acknowledge to the Department of Biochemistry and Department of Microbiology for using available facilities from these departments.

I am grateful to Dr. Saumya Dasgupta, Nipa Chongdar, Mr. Jaganmoy Guin, Victor Banerjee, Subrata, Avishekh, Moumita, Anusuya, Saptaparni Ghosh and Siddhartha for their support during Circular Dichroism, Assay experiment, FTIR, Differential scanning calorimeter and ED-XRF experiments.

My feelings are beyond the words, for affection, patience, unfailing support and endless optimism of my grandmother, my parents and my sister; I am always thankful to them.

I express my heartfelt regards to my mother-in-law and all of my family members for their very big support and encouragement.

Words are inadequate to express my feelings, for the faith, encouragement and mental support from my husband.

To my beloved daughter Ushosi, I would like to express my thanks for being such a good girl always cheering me up.
It gives me great pleasure to thank all of my colleagues Bappa da, Aparajita di, Baisakhi, Keka, Shruti, Priyanka and Aritra for creating cooperative and pleasant atmosphere in the lab during the course of my work.

The assistance rendered by Administration, Library, and security personnel of CU is gratefully appreciated.

Financial assistance from University of Calcutta is thankfully acknowledged.

I thank Mr. Bill Gates and his Microsoft Corp for MS WORD software.

Sutapa Ray
