Acknowledgement

The investigations embodied here, have been done under the active guidance and supervision of Dr. Pran Krishna Chakrabartty, Reader, Department of Microbiology, Bose Institute, Calcutta. It is my great privilege to express my deep gratitude to him for his kind and continuous help, inspiration and keen interest in my work and having bestowed on me his valuable time during the entire course of these studies, for which I feel greatly owed.

I convey my sincere regards to Prof. T.B. Samanta, Chairman, Department of Microbiology and to Prof. A. C. Ghose, former Chairman for their interest in this work.

My sincere regards and heartful thanks go to Prof. P.K. Roy, Director and to Prof. B.B. Biswas (Director retired), Bose Institute, Calcutta for providing me necessary research facilities in this Institute.

I offer my grateful thanks to Prof. P. Bhattacharya, Dept. of Chemistry for providing me some of the instrumental facilities which were absolutely necessary to get knowledge in some chemical aspects of my research work.

I am thankful to the entire technical staff of the Department for providing me all kinds of help throughout my research tenure.

I am thankful to Dr. Subhasish Mukhopadhyay, Information Scientist and all the staff members of Distributed Information Centre (DIC), Bose Institute, Calcutta for their valuable help in
data base searching and typing facilities.

I am thankful to all the staff members of the Bose Institute Library for their solicitous assistance.

Special thanks go to Md. S. Gazi, Ashutosh Sarkar and Sisir Ghoshal for drawing the figures and doing the photographic works and Sri Samir Pal for helping in photocopying.

I am grateful to Santanu Roy Chowdhuri without whose help and inspiration it would not have been possible for me to carry out this work successfully.

I thank sincerely to all the academic members of the department and colleagues of the department especially to Dr Anup K. Halder, Naran C. Mandal, Chirajyoti Deb, Amit Chakrabarty, Ashish Ghosh, Subha Manna, Ranadhir Chakrabarty and Papia Mitra for their help, encouragement and constructive criticisms during this investigation.

Last but not the least, making of this dissertation would not have been possible without constant sacrifice, moral support and encouragement from my family members.
