ACKNOWLEDGEMENT

I express my deep sense of gratitude with utmost sincerity to Dr. V.G. Rao, my research guide for his valuable guidance and encouragement throughout this study.

I would be failing in my duty if I would not mention all possible help given by Dr. A.D. Agate, the Director of Agharkar Research Institute and Dr. P.G. Patwardhan, the former Head of Mycology and Plant Pathology Department, who also provided all necessary laboratory facilities. I am very much obliged to the Agharkar Research Institute and C.S.I.R. for awarding me J.R.F. and S.R.F. respectively which facilitated my work throughout the study without any burden on the family.

I am grateful to Dr. A.V. Sathe, Dr. Mrs. Alaka Pande, Dr. S.M. Kulkarni and Dr. U.V. Makhija from Department of Mycology and Plant Pathology without whose help and encouragement I would not have completed my thesis in time and who proved to be a constant source of inspiration.
