

CONTENTS

Declaration	i.
Certificate	ii
Acknowledgement	iii
1. INTRODUCTION	1
1.1 The Rhizosphere and Rhizoplane	1
1.2 Importance of the Rhizosphere Phenomenon	1
1.3 Root Exudates	2
1.4 Interaction between Rhizosphere Microflora and Plants	2
1.5 Antagonistic Microflora and Biological Control of Root Pathogens	2
1.6 The Actinomycetes	3
1.7 Objectives of the Present Study	4
2. REVIEW OF LITERATURE	6
2.1 The Rhizosphere and Rhizoplane	6
2.2 Factors Responsible for the Rhizosphere Phenomenon	7
2.3 Origin and Nature of Rhizosphere Microflora	7
2.4 Extent of Rhizosphere and Rhizoplane	8
2.5 Methods of Study of Rhizosphere	8
2.6 Qualitative and Quantitative Features	9
2.7 Factors Affecting Rhizosphere Microbial Population	11
2.8 Influence of Rhizosphere Microflora on Plant Growth	19
2.9 Biological Control of Root Pathogens	19
2.10 Actinomycetes	21

3. MATERIALS AND METHODS	23
3.1 Experimental Plants and Soil	23
3.2 Rhizosphere Soil Microflora	23
3.3 Isolation and Morphological Characterization of Actinomycetes	24
3.4 Physiological Characteristics	26
3.5 Identification of Actinomycete Isolates	29
3.6 Antagonistic Activity of Actinomycetes	29
3.7 Studies on the Suppression of Soil-borne Pathogenic Fungi by Antagonistic Actinomycetes in the Soil	31
3.8 Studies on the Chemical Nature of the Root Exudates of Experimental Plants	32
4. RESULTS	37
4.1 Microbial Population in the Rhizosphere Soil and Garden Soil	37
4.2 Isolation and Selection of Actinomycetes	40
4.3 Morphological Characteristics of Actinomycete Isolates	40
4.4 Physiological Activity	44
4.5 Taxonomic Composition of Actinomycete Isolates	55
4.6 Antagonistic Activity	61
4.7 Inhibitory Studies with Treated Seeds and Seedlings	67
4.8 Amino acids and Sugars Present in the Root Exudates	71
5. DISCUSSION	78
5.1 Rhizosphere Microbial Population	78
5.2 Microbial Population in the Control Soil	78
5.3 Plant Type and Quantity of Rhizosphere Microflora	79
5.4 Morphological Characteristics of Actinomycetes	80
5.5 Utilization of Carbon Sources	82

5.6 Temperature Tolerance	84
5.7 Major Taxonomic Groups	85
5.8 Antagonistic Activity of Actinomycetes	86
5.9 Root Exudates	90
6. SUMMARY	92
7. LITERATURE CITED	94
8. APPENDIX -I	123
8.1 Composition of Media and Reagents	123
9. APPENDIX -II	127
9.1 Actinomycetes from Rhizosphere Soil of Okra	127
9.2 Actinomycetes from Rhizosphere Soil of Bittergourd	135
9.3 Actinomycetes from Rhizosphere Soil of Sunflower	143
9.4 Actinomycetes from Control Soil	161
