Acknowledgement

It is a matter of great pleasure and privilege to express my sincere thanks and regards to my Supervisor Dr. D.K. Shrivastava, Former Principal and Head, Department of Chemistry, C.M.D. Post-Graduate College, Bilaspur (C.G.) for his constant encouragement, inspiration, suggestions, guidance and fruitful discussions throughout the work.

I am highly obliged to Dr. P.C. Jain, Dr. C.D. Tripathi, Dr. S.N. Agrawal, Dr. G.N. Patel all former Principals and Dr. P.C. Dwivedi present Principal, C.M.D. Post-Graduate College, Bilaspur for their kind blessings, generous help and granting me permission to take up this research work in the Chemistry Department of the College.

I feel honoured and fortunate enough in having the blessings of Dr. S.K. Vajpai, Professor and Head, Department of Chemistry, C.M.D. Post-Graduate College, Bilaspur. I express my sincere thanks to him for providing me facilities and permitting me to carry out this research work in the Chemistry Department of the College.

I am very much thankful to Dr. (Mrs.) K. Vajpai, Professor and Head, Department of Chemistry, Govt. Girls Post-Graduate Autonomous College, Bilaspur (C.G.) for her critical suggestions and help during the course of this work.

I also thank Dr. Pradeep Charia, Chief Scientist, SAIF, Rastra Sant Tukadoji Maharaj, Nagpur University, Nagpur for his generous help during atomic absorption spectrophotometric analysis of plant seed ashes.

I appreciate the kindness of Shri R.K. Purushattam, Scientist, Instrument Section, Central Drug Research Institute, Lucknow for his help in HPLC and GLC analyses of amino acids and fatty acids respectively.
I am also thankful to the then Director, Central Fuel Research Institute (CSIR Laboratory), Bilaspur for permitting me to carryout the Proximate and Ultimate analysis of the plant seeds in his laboratory.

I very heartily acknowledge the help provided by Shri Ajay Gedam, the then Regional Officer, Chhattisgarh Environment Conservation Board, Bilaspur during the estimation of nitrogen in the samples.

My sincere thanks are also due to Dr. (Smt.) Vibha Goyal and Dr. (Smt.) Harsha Sharma, both Assistant Professors in Chemistry Department of the College, for their kindness and help during my research tenure. My thanks are also due Dr. (Mrs.) Veenapani Dubey, Head Department of Botany, C.M.D. Post-Graduate College, Bilaspur (C.G.) for her kind help, suggestions and blessings during this work. I also thank to my friend Ku. Neetu Gupta, Research Scholar in the Chemistry Department for her help in every stage of my work.

I express my deep sense of gratitude to Professor and Head, Department of Library Science, Pt. R.S. Shukla University, Raipur; to Dr. U.N. Singh, Professor of Library Science Department, Guru Ghasidas Vishwavidyalaya, Bilaspur and to Shri Intiaiz Ahmed, Deputy Librarian, University Library, Pt. R.S. University, Raipur, who all were kind enough to permit me to consult the chemical abstracts and various research journals in their libraries.

I am also thankful to Shri Mewlal, Shri Hemlal and other staff members of Chemistry Department for their help during my work.

Words fail me in expressing my gratitude towards my parents Shri R.B. Pandey and Smt. Kumudini Pandey, my father-in-law Dr. V.P. Pathak, my husband Shri Rakesh Pathak, my brothers Shri Gulshan and Shri Roshan Pandey, who all patiently tolerated all the inconveniences with warm
and encouraging smile and always stood with me in my difficult moments during pursuance of these studies.

Thanks are also due to Mr. Arun Kashyap, M/s. Aarti Computers, Bilaspur for neat laser composing of the thesis and giving it a good shape in record time.

(Smt. Ravita Pathak)
