Conferences/Symposium attended

Oral Presentations:

1) "Photo-Assisted Field Emission Characteristic of CdS Nanocombs". Raman memorial conference (RMC), 24-25th Feb, 2010, Department of Physics, University of Pune, India.

2) "Photo-enhanced field emission study of TiO$_2$ nanotubes array", International Field Emission Symposium (IFES), 5-8th July, 2010, University of Sydney, Sydney (Australia).

Poster Presentations:

1) "Field Emission studies of Te nano rods grown on Si (111) substrate" Raman memorial conference (RMC), 27-28th Feb, 2008, Department of Physics, University of Pune, INDIA.

2) "Field emission studies on aligned CdS nanowires array" Second International conference on frontiers in Nano Science and Nanotechnology, 3-6th Jan, 2009, Department of Physics, Cochin University of Science and Technology, Cochin (Kerala), India.
3) “Extremely stable field emission and photo-sensitive field emission from single crystalline CdS nanowires”, International Vacuum Nanoelectronics Conference (IVNC), 18-22nd July, 2011, Department of Physics, Bergische University, Wuppertal (Germany).
