

ACKNOWLEDGEMENT

It is with the invaluable support and encouragement of many that I could complete my journey as a Ph.D Scholar, which was started in November 2006. I thank and praise GOD-ALMIGHTY without whose kindness I could not have completed this venture.

My first word of heartfelt thanks and indebtedness goes to my guide Dr. J. Letha, Director of Technical Education, Govt. of Kerala for the indulgence and encouragement she has shown to me and for inspiring guidance throughout the research work. The immense care, support and enthusiasm rendered by my guide contributed to the accomplishment of this research work.

I express my sincere gratefulness to Dr. Rajesh Raghunath, Assistant Professor, Department of Geology, Kariyavattom Campus, University of Kerala, Thiruvananthapuram for the guidance, suggestions and the immense support rendered to me in completing this research work.

I gratefully acknowledge the support extended by Dr.V.Gopakumar, Principal, College of Engineering Trivandrum, Thiruvananthapuram..

I am extremely thankful to Prof. Jyothis Thomas, Professor & Head, Department of Civil Engineering for all the help extended to me during the course of this research work. I also acknowledge the support rendered by Dr. C Sam, Dr. R. Sathikumar and Dr S. Sheela, former Heads of Department of Civil Engineering in various stages of my research work.

I acknowledge the help extended by my post graduate students Smitha S S, Dhanya S Nair, Kiran Tony, Divya R Nair, Ashitha M, Remya Mary, Krishna Priya, Cynaya, Sufina, Anila, Karuna, Akhila and especially my project associates Mr Aju M, Mr Jerin, Mr Rahul R V, Smt Shilpa Chandran, Smt Sreeja Sreenath and Smt Libitha G S. for helping me with the collection of data and help during the course of this research work.

I wish to place on record the selfless effort and great help rendered by Smt Deepa, Chemist, Dept of Geology, University of Kerala, Thiruvananthapuram, during the course

of this research work. I express my deep sense of gratitude to my colleagues and friends for the encouragement and support they have rendered me during this research work.

I would like to remember my parents, the late K. Narayanan and the late M. Gomathy with immense gratitude, who were the constant source of encouragement in shaping my career. I am deeply indebted to my father-in-law Sri Pappu and mother-in-law Smt. Lakshmikutty, my sister and brothers and their families for their constant prayers and support.

I express my heartfelt gratitude to my beloved husband Mr P Raghavan and son Rahul Raghavan who were always ready to sacrifice anything for the successful completion of this thesis. I do greatly acknowledge their endless support, prayers and encouragement which urged me on throughout the period of research.

I sincerely acknowledge the financial support rendered by Kerala State Council for Science Technology and Environment (KSCSTE) through the research project on Modelling of saltwater intrusion along the coastal aquifers of South Kerala.

I fondly remember all my dear teachers and thank them for their blessings and inspiration in my academic life

SINDHU. G
