Acknowledgement

First and foremost I bow in reverence to the Almighty for being with me and giving me the strength and ability for successful compilation of my work.

It’s been a great pleasure to work with the humble people of my Department. There have been endless incidents and events during this course of my dissertation which has left an inspirational mark on my mind.

I would like to express my special appreciation and thanks to my advisor Dr. Satwinder Kaur, Professor, Department of Zoology, Guru Nanak Dev University, Amritsar, whose continuous interest and motivation, and the genuine insight into the problems have helped me to gain the deepest thoughts in research. Her receptive outlook, unrelenting enthusiasm and positive approach will forever remain a source of inspiration. I would like to thank her for encouraging my research and for allowing me to grow as a research scholar. Her advice on both research as well as on my career has been priceless. I could not have imagined having a better advisor and mentor for my Ph.D.

Sincere thanks are extended to Dr. (Prof.) Arvinder Kaur, Head, Department of Zoology, Guru Nanak Dev University, Amritsar for providing me the infrastructural facilities during my research work. I am thankful to Dr. (Prof.) Anish Dua, Dr. (Prof.) Sanehdeep Kaur, Dr. Pooja Chadha and Dr. Pija Ohri for their sympathetic attitude and eagerness to help me whenever required. I would like to thank the Department of Botanical and Environmental Sciences for their help.

I warmly thank Dr. Rajesh Kumari Manhas, Department of Microbiology Guru Nanak Dev University, Amritsar for accepting our ideas and encouraging us to implement those in microbiology field.

I am highly thankful to research scholars of my lab Dr. Ruchi Sharma and Dr. Amritpal Kaur for their generous help, valuable advice and moral support at all times. Words fail to express my beatitude towards my friend Dr. Rajbir Kaur for her unsolicited cooperation. I am also thankful to Ms. Talwinder Kaur for helping me during my experiments in Microbiology Lab. Special thanks to my dear friend Prabha who helped me a lot during thesis compilation. I would also like to thank all of my friends Dr. Ravinder Kaur, Rupinder Kaur, Shweta, Nalini, Shivali and Shalina who helped me to strive towards my goal. The kind attitude and cooperative nature of the non-teaching faculty members is highly acknowledged for their assistance during the course of this work.
I would like to express my heart-felt gratitude to Retd. Col. R. C. Patial, Principal, Meritorious School, Amritsar for his helping nature and support during compilation of thesis work. I warmly appreciate the generosity and understanding of my colleagues namely Mrs. Amandeep Kaur, Ms. Gagandeep Kaur and Mrs. Palwinder Kaur for providing fun filled environment and kind attitude during thesis compilation work.

A special thanks to my family. Words cannot express how grateful I am to my mother, father, brothers and sister in-law for all the sacrifices that they have made on my behalf. Their prayers for me was what sustained me thus far. I am very grateful to my mother-in-law and father-in-law whose understanding and love encouraged me to complete my Ph.D work. Their firm and kind-hearted personality has affected me to be steadfast and never bend to difficulty. At the end I would like to express appreciation to my beloved husband who was always my support in the moments when there was no one to support me.

Fellowship provided by University Grants Commission under UPE (University with Potential for Excellence) is duly acknowledged.

Lastly, I offer my regard and blessings to all the larvae that got sacrificed for the success of present study.
