I have not traveled in a vacuum in this journey. Interdependence is certainly more valuable than independence. Some people made this journey easier with words of encouragement and more intellectually satisfying by offering different places to look to expand my theories and ideas. It is a pleasant aspect that I have now the opportunity to express my gratitude for all of them.

The first person I would like to thank is my supervisor Dr. A. Damodaram, Professor & V.C, Department of Computer Science Engineering, S.V. University, Tirupathi, who offered his continuous guidance and moral support. I owe him lots of gratitude for shown this way of research. I could not have imagined having a better advisor and mentor for my Pre-M.S, and without his knowledge, perceptiveness and cracking-of-the-whip I would never have finished. In addition, he was highly co-operative always accessible and willing to help his students with his valuable solutions for all the problems at crucial solutions in the process of research work.

I express my sincere thanks to K.Murthy, Sr.Manager, Wipro Technologies, for his timely suggestions and valuable guidance in carrying out this research work.

It would be a great privilege to express my gratitude to Dr. S. Vasundra, Professor & HOD, Department of Computer Science & Engineering, JNTUA College of Engineering, in spending her valuable time for giving her valuable suggestions, direction, and encouragement to complete thesis of my research work.

It would be a great privilege to express my gratitude to Dr. Durga Prasad, Professor & HOD, Department of Mechanical Engineering, JNTUA College of Engineering, Anantapur in spending his valuable time for giving his valuable suggestions, direction, and encouragement to complete thesis of my research work.

I am deeply indebted to Prof. S. V. Satyanarayana, Director, Research and Development, & Prof. K. Ramanaidu, Director of Evaluation, Jawaharlal Nehru Technological University Anantapur (JNTUA), Ananthapuramu, for his encouragement,
suggestions and co-operation, which really help me in this research. Also I express my sincere thanks to staff members of R&D, Jawaharlal Nehru Technological University Anantapur (JNTUA), Ananthapuramu, for their kind co-operation in execution of this work.

I express my sincere thanks to all the persons who had extended their help directly and indirectly in completing this research work.

I would feel, it is a great privilege to express my regards to my father Sri J. Reddaiah, Business person, and my mother Smt. J. Krishna Jyothi garu, who are chiefly responsible to my existence as an evolved and cultured being in the society.

It is my pleasure to mention the valuable contribution of my better half, Smt. K. Neelima and my children Chi. J. Apoorva and Chi. J. Akshara for motivating me with their moral support and dedication in carrying out this work.

I would feel, it is a great privilege to express my regards to all my In-Laws, brothers, sisters and family members for their great co-operation during the execution of this work.

I express my heart deep feelings to all the Masters and Supreme power for Showering blessings in completing the thesis work.
