ACKNOWLEDGEMENT

I wish to place on record my deep sense of indebtedness and gratitude to my guide Dr. S. RAMAMURTHY, Professor & Head, Department of Physics, for his guidance, parental affection, advice and valuable suggestions to carry out and complete this work.

I am extremely indebted and extensively grateful to Dr. M. JAYACHANDRAN, Scientist, CECRI, for his valuable guidance and advice, timely help sacrificing his own personal needs and time and excellent suggestions to carry out and complete the present study. But for him the study and thesis would not have been completed. I actually lack words to express my indebtedness and gratitude to him.

I am extremely grateful to Dr. V. VASU and Dr. C. SANJEEVIRAJA for having introduced me to this interesting research field and for the fruitful discussions and support whenever needed without which this work would not have been possible.

I am thankful to Dr. M. RAGHAVAN, Director, CECRI, for his kind permission to carry out the characterization work. I express my heartfelt gratitude to Dr. R. RAVI, Mrs. THIRUMALAI PARTHIBAN, Dr. K.R. MURALI, Dr. M. PARAMASIVAM and Mr. S. VINCENT, Scientists, CECRI for their support and timely encouragement in conducting the characterization studies and constructive discussions.

I am very much indebted to Mr. E. SAVARIMUTHU, Dept. of Physics, GRI for his kind support, guidance, timely technical help and inspiring encouragement throughout the work.

I am highly grateful to my dear friends, Mr. B. Subramanian, Mr. N. Balamurugan, Mr. S. Boopathi Rajan, Mr. S. Ananth, Mr. V. Swaminathan and Mr. T. Saravan for their kind help, cooperation and enthusiasm and the interest shown by them in this work.

I am very much indebted to Dr. S. ARUMUGAM, Reader in Physics and Mr. A. BALAKRISHNAN, Senior Lecturer, Dept. of Applied Research, GRI for his kind help and constant encouragement.

I take the privilege of acknowledging and expressing my gratefulness to Mrs. S. Paul Vadivu Jayachandran, who constantly encouraged me and created a pleasant atmosphere till the submission of this thesis.

I am very much thankful to the authorities of the GRI for having given me the opportunity to take up the research work.

I express my sincere thanks and gratitude to my wife Smy. B. Mary Grace and my kids Master Kamalesh, Babies Janet & Jasmine and also my uncle Mr. S. Joseph Peter Alfred, Aunt Smy. A. Phebe Esther and mother-in-law Smy A. Freeda Ebenezer for their support, encouragement and patience during the long period of my work.
