ACKNOWLEDGEMENTS

The author expresses his indebtedness and deep gratitude to Dr. S.S. Nigam, M.Sc., Ph.D. (Saugar), Ph.D. (London), D.I.C., F.R.I.C., for his invaluable advice and unfailing help throughout the course of this work and to Prof. A.K. Bhattacharya, D.Sc., F.R.I.C., for providing laboratory facilities and encouragement.

Thanks are due to Mr. B.K. Baliga, Chief Chemist, Messrs. A. Boske Roberts & Co. (Private) Ltd., Madras for GLC analyses, Mr. S. Usman Ali, Herbarium Superintendent, C.S.M. Research Institute, Adyar, Madras, for the identification of the plants and Mr. P. Jayaram, M.Sc., for his untiring help and suggestions in preparation of this thesis.

Last but not the least, grateful acknowledgement is also made to the Ministry of Education, Government of India, for the award of a research training scholarship which enabled the author to undertake this work.

A. Kameswara Rao.
