ACKNOWLEDGEMENT

I would like to thank my research supervisor and guide Dr. G. Sudhandiran, M.Sc., M.Phil., Ph.D., Assistant Professor, Department of Biochemistry, University of Madras, Guindy Campus, Chennai- 600 025, India, for his constant guidance, support, motivation and untiring help during the course of my PhD. I thank him that I have been allowed to express my own ideas and thoughts in my work. He has spent his valuable time with me while i am trouble shooting my experiments and given me enough freedom during my research and he has always been nice to me. Due to his healthy discussion, professional skills and expert guidance, these works have been accomplished.

I sincerely thank Dr. T. Devaki, M.Sc., M.Phil., Ph.D., Professor and Head, Department of Biochemistry, University of Madras, Guindy Campus, Chennai- 600 025, India for her support and advice during my study.

I would like to gratefully acknowledge my special thanks to the faculty members Dr. Elangovan Vellaichamy, Professor, Dr. S. Subramanian, Associate Professor, Dr. A. J. Vanisree, Assistant Professor, Department of Biochemistry, University of Madras, Guindy Campus, Chennai- 600 025, India for their kind support and constant encouragement throughout the period of study.

I am especially indebted to my doctoral committee members, Dr. S. Niranjali Devaraj, M.Sc., M.Phil., Ph.D., UGC-BSR Faculty Fellow, Department of Biochemistry, University of Madras, Guindy Campus, Chennai-600 025, India and Dr. M. Elanchezhiyan Ph.D., M.D., FAMS., FAMPV, Professor, Department of Microbiology, Dr.CLM.PG. Institute of Basic Medical Sciences, University of Madras, Taramani Campus, Chennai- 600 113, for their valuable suggestions and approval of my study.

I would like to render my sincere thanks Dr.Chitra Mandel, Scientist, Indian Institute of chemical biology, Kolkata and Dr.Sanjeev das, Staff Scientist, National institute of Immunology, New Delhi and Dr. Sorab Dalal, Scientist F, ACIREC, Mumbai, Dr.Suni.K.Manna, Scientist, CDIFD, Hyderabad, India for them timely help in providing HCT-116 cells for my in vitro studies.

I sincerely thanks Dr.Harvey R. Herschman, Professor, Molecular and Medical Pharmacology, University of California,USA and Dr.Olivera J.Finn, Professor, University of Pittsburg, USA and Dr.Ashok Kumar Pandurangan, Childrens hospital and research institute(CHORJ),USA for them help in providing Dextran sodium Sulfate (DSS).

I profoundly thank Dr.Stantshy J.Watson, Molecular and Behavioral Neuroscience institute, University of Michigan, USA for his generous gift of KI67 antibody. I sincerely thank Dr. Chinnathalapathy.V.Rao, Director, Center for Cancer Prevention and Drug Development, PCS Oklahoma Cancer Center, USA for his help in providing PCNA antibody, Dr.Suman Basak, National
institute of immunology (NIH), New Delhi, India for his help in providing NF-kB antibody Dr. William G. Stetler-Stevenson, MD, Ph.D. Senior Investigator, Senior Biomedical Research Service, National Institutes of Health (NIH), Bethesda, Maryland, USA for his help in providing MMP 20X9, Dr. Regina Santella, Vice Dean, Faculty Affairs and Research, Department of environmental health sciences, USA for her help in providing DNA adduct,8oxoG antibodies, Dr. Mary C. Dasso, Ph.D, NIH, USA for her help in providing SUMOylation key molecules(SUMO-1, SENP1) and Dr. R. T. Hay, University of Dundee, Scotland for his help in providing SUMOylation deconjugating enzymes, UBC9 with anti-sheep secondary antibody. My deepest thanks to Dr. Teris Van Beak, Natural Products Chemistry and Microfluidics Group, Laboratory of organic chemistry, Wageningen University, Netherland for his help in providing ginkgoic Acid.

I am greatly extend my sense of gratitude to Mr. Sandeep Arya, Technical officer Sophisticated Analytical Instrument Facility (SAIF)—All India Institute of Medical Sciences (AIIMS), New Delhi, India, for his assistance and guidance in Transmission electron microscopy studies.

I wish to thank Dr. Arunakaran, Prof and Head, Department of Endocrinology, Dr. ALM.PG.IBMS, University of Madras, India for his support in Real Time —PCR facility. I also thank Dr. K. Kathiravan, Assistant Professor and his research student Mr. Micheal Immanuel, Department of Biotechnology, University of Madras, Chennai, India—for them assistance and guidance in Molecular Docking and PCR studies.

I would like to thank Dr. Palani, Assistant professor, Scanning Electron Microscopic (SEM) Facility – CAS Botany, University of Madras, Chennai, India, for his assistance and guidance in Scanning electron microscopy studies.

I wish to address special thanks to my seniors Dr. P. Ashok Kumar, Dr. A. Suresh Kumar, Dr. P. Nagendra Prabhu, Dr. S. Ume Salma, Dr. D. Prakash, Dr. K. Gopinath and Dr. Sowmya S Krishnan for their valuable help and encouragement during the study.

My sincere thanks are due to my fellow colleagues Dr. Santha Sabapathy, S. Vasudevan, Divya Thomas, S. Kunchari Kalaimathi, B. Velavan, C. Chandrasekaran, V. Dineshbabu, P. Chermakani, B. Santhosh and A. Seetha for their timely help, co-operation and encouragement. I am really thanks to Mr. R. V. N. Kannan, Managing director, Madurai Radha Travels, Madurai for his help in providing Laptop for my research purpose.

I am grateful to all the teaching and non-teaching staff members for their help despite their own duties.
Words are short to express my deep sense of gratitude towards my following friends Mr. V. Balaji, Mr. R. Ashok Kumar, Mr. B. Rajan, Mr. P. Naveen Kumar, Mr. Prabhu Periyathambi, Mr. V. Arun, Mr. G. Rajendran, and T. Premkumar for their moral support. My deepest thanks to Mr. Ganesan, Manager and hostel mates from Bharathiyaar hostel for mens, University of Madras, Guindy, Chennai-25 for them valuable supports during my studies.

My deepest and loving gratitude is due to my beloved parents Mr. T. Kaninathan and Mrs. K. Sareswathy, who made invaluable sacrifice. The only way left me to express my gratitude to them is to make them feel proud of me.

I sincerely thank University Grant Commission-Basic Scientific Research (UGC-BSR), New Delhi, for the financial assistance in the form of junior research fellowship and senior research fellowship (2013-2016). I thank Indian council of Medical Research (ICMR), New Delhi for recognizing my PhD work for the award of Senior Research Fellow (ICMR-SRF).

Above all, I thank the almighty for his heavenly blessings showered on me and who is with me at all times and guiding me in all my ventures.

(KARIGESAVAN)
