Acknowledgements

I am highly indebted to my Ph.D. supervisor Prof C. P. Katti for his invaluable help and guidance during my research work. The study material and research papers provided by him have helped immensely in formulating this work. Without his incessant help and continued supervision, this research would not have seen the light of the day.

I am thankful to University Grants Commission for providing me fellowship that facilitated me to complete this work. My thanks are also due to School of Computer and System Sciences and Jawaharlal Nehru University Library for providing me adequate facility in carrying out this research work.

I sincerely thank all my colleagues and friends who provided me constant source of encouragement during my research. I express my sincere sense of gratitude to my parents for their continued patience and emotional support during my whole academic career.
