ACKNOWLEDGEMENTS

The completion of this research work would not have been possible without the encouragement, help and support of many individuals. It is my privilege to thank the people who have supported and guided me throughout this research work.

I am grateful to the Management, Dr. D.S. Ramachandra Murthy, Vice Chancellor In-Charge, St. Peter’s University, Chennai, for giving me an opportunity to carry out my research in the university.

I am highly indebted to my research supervisor Dr. M.S. Josephine, Professor, Department of Computer Applications, Dr. M.G.R. Educational and Research Institute University, Chennai, for giving me an opportunity to work under her guidance. I would like to express my sincere gratitude to her, for valuable guidance, insightful suggestions and constructive inputs.

I am grateful to Dr. P. Mayilvahanan, Professor and Head, Department of Computer Applications, Vel’s University, Chennai and Dr. S. Manikandan, Professor and Head, Department of Computer Science and Engineering, Sri Ram Engineering College, Chennai for guiding me as Doctoral Committee Members for my research.
I also thank Dr. S. Gunasekaran, Dean, Research and Development, St. Peter’s University for his constant help and support throughout my research.

I also thank Dr. R. Latha, Professor and Head, Department of Master of Computer Applications, St. Peter’s University for her help during this research.

I also thank Dr. V. Jeyabalaraja, Professor, Department of Computer Science and Engineering, Velammal Engineering College, Chennai for his continuous support throughout this research.

I would like to thank all those who were directly or indirectly helpful in carrying out this research.
