ACKNOWLEDGEMENT

The author takes his privilege to express his sense of gratitude and indebtedness to Prof. J.C. Kalita, Professor, Department of Zoology, Gauhati University for, besides acting as a research supervisor his guidance and all round support in making this great effort to reach its completion. He pays his sincere gratitude and acknowledgement to Prof. J. Kalita, Professor and Head of the Department of Zoology, Gauhati University for his support and constructive suggestions at the time of need during the entire period of this research work.

His owes thankfulness to Prof. K. Dutta, Professor of the Department of Zoology, Gauhati University for her kind, valuable and supportive advice rendered during the entire course of work.

The author conveys his sincere and heartiest gratitude to Dr. Alak Chandra Deka, Scientist, TERI and is indebted for his patience, guidance, enthusiastic encouragement and useful critiques that have been ushered in every step of the research work and it is unquestioned that his help has been the profound element in completing the thesis on schedule.

The author grateful to Dr.Anil Prakash, then Deputy Director and Dr.Dibya Ranjan Bhattacharyya, scientist, Indian Council of Medical Research, Dibrugarh, Assam for providing the procedure of mosquito rearing techniques and for offering *Aedes aegypti* eggs required for experimental purposes. He also offers his sincere thanks to Principal investigator Dr. Tapan Deka, Professor, Department of Zoology, Jawaharlal Nehru College, Boko, Assam for his encouragement and valuable advices and providing significant laboratory facilities to learn the techniques of fungal inoculation and culture. He extends sincere gratitude and is obliged to Mr. Suroj Chouhan, former Head of the Department and Senior Professor ,Dr. Ranjit Hazarika, Head of the Department and Senior Professor, Mr. Jayanta Deka, Senior Professor, Mr. Binoy Kumar Basumatari, Senior Professor, Mr. Dhiren Bayan,former Head of the Department of Zoology, Madhab Choudhury College, Barpeta, Assam for their moral support and encouragement throughout the period of research.

He also extends his heartfelt thanks to Late Prof. Umesh Chandra Goswami, Professor, Department of Zoology, Gauhati University for his encouragement and valuable advice.
Author also remain ever grateful to Prof. D.K. Sarmah, Prof. A. Dutta, Prof. A. Borkataki, Prof. M.M.Goswami, Prof. Rakash Kumar Bhola, Prof. P.K. Saikia, Dr. Dandadhar Sarma, Associate Professor, Dr. Bulbuli Khanikar, Assistant Professor, Dr. Manas Das, Assistant Professor, Dr. M.K.Saikia, Assistant Professor and other faculty members of Department of Zoology, Gauhati University for their constant support and suggestions during the entire period of the Research work.

The author gratefully acknowledged the help received from Mr. Bibek Berma, research scholar, GU, Mr. Dipak Das, Associate professor, Deptt. of Statistics, Gauhati University for inspiring the effort in analyzing the statistical datae.

He also offers his appreciation and love to Mr. Sakir Choudhury and all the non-teaching staff of the Department of Zoology, Gauhati University for their kind co-operation and help in multi dimensional works during the entire period of the work.

The author also sincerely expresses his love and acknowledgement to his entire lab mates especially Mr. Y. Rajeev, Kumar Singh, Ms. Salma Mazid, Ms. Merina Narah, Mrs. Sarmishtha Chakravarty, Mrs. Jinu Lagachu, Mrs. Sanhita Purkayastha, Ms. Pallabi Goswami, Mrs. Jupitara Deka, Mrs. Nazma Choudhury, Dr. Anzarul Haque, Dr. Nitu Debnath, Dr. Bhupen Baruah and all his junior and senior research scholars of Department of Zoology, Gauhati University for their incessant support and positive encouragement in every step, right from the beginning to the end of the research work.

Last but not the least, the author extends his deepest sense of respect and gratefulness to his parents and family members for their unconditional love, patience and sacrifice. The thesis would not have been completed without their selfless encouragement and inspiration during the entire period of the research work.
