

ACKNOWLEDGEMENTS

I would like to pay my humble reverence, first of all to Almighty Allah, without whose countless blessings the work would not have seen the light of day.

Special thanks and deep sense of indebtedness is expressed for Professor Mahshar Raza, Chairman, Department of Geology for his keen interest, helping hand and for providing the necessary facilities required during the course of my research work. Fortune took the lead that I had Professor Mahshar Raza as also my supervisor. No word can express my gratitude for his encouragement and for allowing me to grow as a researcher. His advice on my research work has been invaluable. Throughout my thesis writing period, he provided encouragement, sound advice, good company and lots of good ideas. One simply could not wish for a better or friendlier supervisor. He has been invaluable on both an academic and personal level, for which I am extremely grateful.

I also offer my sincere appreciation to Prof. A.H.M Ahmad, who has always been ever ready to help me time to time and he helped me a lot in petrography.

Mother, you have always believed in your son and given me your love. Father, you showed me the example of a hard working man. There are no words that can express gratitude for your love, affection, patience and sacrifices that you have made on my behalf. Your prayers for me has sustained me this far. I gratefully acknowledge my brothers Mr. Asif Bhai and Mr. Rashid Bhai whose presence encouraged me to finish the work successfully.

A special thanks to my elder brother Tarique Bhai for providing a loving and supporting environment for me, who sent me to Aligarh Muslim University for getting higher education. Words cannot express how grateful I am to him for all of the moral and mental support that he has extended towards me.

I would also like to convey my deep feeling of respect for my Bade Abbu (Late. Qazi Masood Ahmad) and Baba (Late. Qazi Maqbool Ahmad). I wish to thank my entire extended family and my wonderful cousins.

I would fail in my duty if I do not appreciate the encouraging attitude of my sisters Tazeen aapi, Nikhat aapi, Nasiya aapi, Shazia and Sameena for supporting me in innumerable ways for the completion of my doctoral work.

I am also very thankful to my nephews Abdullah, Zubair, Osama, Haris and Fahad.

In my daily work I have been blessed with a friendly and cheerful group of friends and I would fail in my duty if I do not appreciate the encouraging attitude of my friends Saquib (Pasha) Mashhood, Abdullah, Habeeb (Boss), Nehal, Ajjju, Talha, Ahmer, Mohsin, Sami, Mazin, Kashif, Abdullah, Tauseef, Adeel, Athar, Alam, Abuzar, Usman, a. I would like to give special thanks to Mujahid, Abdul, Faraz, Kashif Laari, Rashid, Armaan, Shadab, Tarique for their constant support in one or the other way.

I am also very thankful to my classmates Zuhaib, Aaliya, Sana, Tauheed, Parvez and my seniors Saif Bhai, Adnan Bhai, Quadir Bhai, and Kamran Bhai.

I owe my deepest gratitude to Ausaaf Raza, Saad Rahman, Adnan, Quasim, Pawnesht, Iftekhar, and Daud. I have to create some new words if I want to thank them. They were always there for helping me in my Ph.d and also supported me throughout my doctoral work,

Looking back ten years since I came to Aligarh Muslim University, what an amazing journey it has been for me! Encompassing both good-times, that I will remember forever because it was plenty, and not-so-good times, yet I did not sway from my conscience, this transmogrified hike would not have been accomplished without tremendous help and support I gratefully received from my Alma Mater.

I greatly acknowledge UGC for providing me the UGC/Non NET scholarship for carrying out my research work,

Last but by no means the least, I thank my friends, Osama, Sohail, Arish, Parwaz Bhai, Subhaan, Anupan, Abhishek,

Sadique Ahmad
