My deepest gratitude is to my supervisor, Dr. Rani Thottungal. I have been amazingly fortunate to have a supervisor who gave me the freedom to explore on my own and at the same time the guidance to recover when my steps faltered.

I would like to sincerely thank Doctoral Committee Member, Dr.K.Baskaran, for his tremendous time and efforts spent in leading, supporting and encouraging me during the research.

I am thankful to Doctoral Committee Member Dr. P.T.Vanathi, for her motivation and guidance during my research work.

I would like to thank Principal Dr.B.Chidambararajan, Vice Principal Dr.M.Muguran and Mrs.R.Meenachi, Head, Department of Information Technology of Valliammai Engineering College for their continuous support.

I would like to thank Dr. N.Krishnaraj, for his guidance and help throughout my Ph.D. research and detailed descriptions for every single question I asked.

This acknowledgment would be incomplete without giving thanks to my family members for their support and constant encouragement. I extend my sincere thanks to all my friends and colleagues for their comments and suggestions. Finally, I would like to thank everyone who encouraged me every step of the way in the successful completion of the thesis. Above all I would like to thank the Almighty once again.
