ACKNOWLEDGEMENT

I record my sincere thanks to my respectful research supervisor Dr. T.J. Bhoopathy, M.Sc., M.Phil., Ph.D., Associate Professor and Head (Rtd.), Post graduate and Research Department of Physics, Pachaiyappa's College, Chennai, India for his constant support and encouragement. During the course of my research work, I have gained much of experience from his humble and assuming personality without his committed and valuable guidance. I would not have travelled this academic journey victoriously, my special thanks for him for patiently proof correcting of my thesis. Words are not enough to acknowledge the peerless help rendered by him. Without his guidance this mighty task could not have seen the light of the day and it would remain as unfulfilled dream.

With Great Pleasure, I would like to express my sincere gratitude and thanks to Dr. A.R. Prabakaran, M.Sc., M.Phil., Ph.D., Associate Professor, Post graduate and Research Department of Physics, Pachaiyappa's College, Chennai, who has greatly helped me in completing the present work. He shared his precious time, lot of ideas rendered during the course of this work.

Further my sincere thanks to Dr. G.R. Ramkumaar, M.Sc., M.Phil., Ph.D., Assistant Professor and Head, Department of Physics, C.Kandaswami Naidu College for men, Chennai, for his timely help in theoretical computational work
with great commitment. His thought provoking suggestions, periodic discussions and the quality time spent by him despite his busy schedules have no parallel. His encouragement paved the way for getting wings for my dreams.

I also express my sincere thanks and heartfelt gratitude to Dr. S. Srinivasan, M.Sc., M.Phil., Ph.D., Assistant professor, Post graduate and Research Department of Physics, Presidency College, Chennai, for his constant inspiration and encouragement throughout this work.

I convey my sincere thanks to Dr.E.Sailatha, M.Sc., M.Phil., Ph.D., Associate Professor, Post graduate and Research Department of Physics, Pachaiyappa’s College, Chennai – 600030 for his encouragement during the process of this work.

I am also grateful to Dr.T.V.Rajendiran, Dr.S.Rukumani, Dr. N.P.Ravikumar, Dr.P.Kandaswamy, former principals Pachaiyappa’s College, Chennai for their encouragement.

I thank Dr.P.Gajivaradhan, Principal Pachaiyappa’s College, Chennai for his encouragement and interest shown to me in completing this thesis.

I take this opportunity to thank the revered members of Pachaiyappa’s Trust Board, Chennai, for providing a congenial atmosphere to pursue my research work.
I wish to place on record my thanks to all the teaching and non-teaching staff of the Department of Physics, Pachaiyappa’s College, Chennai for their admirable co-operation.

I am bound to thank all my fellow-researchers at Post graduate and Research Department of Physics, Pachaiyappa’s College, Chennai for their academic support and encouragement.

Besides, I thank the authorities of SAIF, IIT Madras, Chennai, especially Mr. Shankar, for their hassle-free help to carry out many spectral recordings required for my research work.

I am grateful to the General Manager, Chennai drug house for having arranged the drug sample for my research work and their suggestions on the basics of diseases greatly helped me to converge and analyze some anti-biotic drugs.

My profound thanks to my mother Mrs. S. Dharani for her blessing and prayer throughout my research work, who has been the consent source for moral support and inspiration throughout of my research project.

Above all I thank Almighty for showering His choicest blessings on me to complete the thesis.
