

LIST OF APPENDIX TABLES

| List of Appendix Tables | Pages |
|--|-------|
| Table A.1.1 Description of variables in different statistical analyses | 379 |
| Table A.1.2 Description of variables in different statistical analyses | 381 |
| Table A.1.3 Description of variables in different statistical analyses | 383 |
| Table A.1.4 Description of variables in different statistical analyses | 385 |
| Table A.3.1 Medical Institutions and sanctioned number of hospital beds in Districts of West Bengal, 2007-08 | 387 |
| Table A.3.2 Distribution of Health Facilities in Rural Areas by Districts of West Bengal, 2007-08 | 388 |
| Table A.3.3 Health Infrastructure Statistics, West Bengal, 2007 | 388 |
| Table A.3.4 Infrastructural Facilities in Health Care Delivery Services, West Bengal, 2006-07 | 388 |
| Table A.3.5 Population per bed by Districts of West Bengal, 2007-08 | 392 |
| Table A.3.6 Population per Doctor and per Nurse in West Bengal, 1981 - 2007 | 393 |
| Table A.3.7 Rural - Urban Differential in population per doctor in West Bengal, 1983 - 2007 | 393 |
| Table A.3.8 Percent distribution of rural household population by distance from the nearest health facility, India, 2002-04 | 394 |
| Table A.3.9 Percent distribution of rural household population by distance from the nearest health facility, West Bengal, 2002-04 | 394 |
| Table A.3.10 Percentage of rural residents living in villages that have selected services, India and West Bengal, 2002-04 | 394 |
| Table A.3.11 Percent distribution of selected facility and services of rural household population within village, 2002-04 | 395 |
| Table A.3.12 Percentage of adequately equipped District Hospitals, First Referral Units, CHCs and Primary Health Centres and those used as referral, India and West Bengal, 2003 | 395 |
| Table A.3.13 Percentage of Subcentres by coverage, status of infrastructure, staff in position, staying place of ANM, trained health workers, regular supply of contraceptives and vaccines, adequately available kits and equipments and the performance of SCs during last three months of survey, India and West Bengal, 2003 | 396 |
| Table A.3.14 Five Year Plan Outlays Pattern of Central Allocation (Total for the Country and Union MOHFW) | 397 |
| Table A.3.15 Measured Levels of Expenditure on Health in India 1997-2003 | 397 |
| Table A.3.16 Trends in Health Expenditure in India 1950-51 to 2003-04 | 398 |
| Table A.3.17 Household Health Expenditure by Different Source of Care in India, 1995-96 to 2003-04 | 398 |
| Table A.3.18 Approved Tenth Plan Outlay in Central Sector for MOHFW 2002 - 07 | 398 |
| Table A.3.19 Scheme-Wise Plan Outlay and Expenditure for Family Welfare during 10th Plan & First Year (2007-08) of 11th Plan | 399 |
| Table A.3.20 Scheme-Wise Plan Outlay and Actual Expenditure for Health (on Hospitals and Dispensaries and Medical Education, Training and Research only) during 10th Plan & First year (2007-08) of 11th Plan | 400 |
| Table A.3.21 Budgetary Allocation under Health Sector during 10th Plan Period 2002-07 in West Bengal | 400 |
| Table A.3.22 Public and Private expenditure on health in West Bengal and India, 2001-02 | 400 |
| Table A.3.23 Details of External Assistance for RCH Programme and Immunisation Strengthening Project | 400 |
| Table A.4.1 Percentage of women who have received any Antenatal checkups (ANC) during pregnancy by source of antenatal provider, India, 2002-04 | 401 |
| Table A.4.2 Percentage of women who have received any Antenatal checkups (ANC) during pregnancy by source and place of antenatal checkups, India, 2002-04 | 401 |
| Table A.4.3 Percentage of women who have not received any Antenatal checkups (ANC) by the main reason for not receiving an Antenatal checkups during pregnancy, West Bengal, 2002-04 | 401 |
| Table A.4.4 Percentage of women who have received an Antenatal checkups (ANC) by specific components of Antenatal checkups during pregnancy, 2002-04 | 402 |
| Table A.4.5 Percent distribution of women who have given live/still births during three years preceding the survey by place of delivery, India, 2002-04 | 402 |

| List of Appendix Tables | Pages |
|---|--------------|
| Table A.4.6 Percentage of women who have given last live/still birth at home during three years preceding the survey by the main reason for not going to health institution for delivery, West Bengal, 2002-04 | 402 |
| Table A.4.7 Percentage of women who have live/still births during three years preceding the survey by pregnancy complication and type of complication during pregnancy, 2002-04 | 403 |
| Table A.4.8 Percentage of women who have any pregnancy complication, sought treatment and source of treatment, India, 2002-04 | 403 |
| Table A.4.9 Percentage of women who have given last live/still births during three years preceding the survey by delivery complication and type of delivery complication, 2002-04 | 403 |
| Table A.4.10 Percentage of women who have given last live/still births during three years preceding the survey by post delivery complication and type of post delivery complication, 2002-04 | 404 |
| Table A.4.11 Percentage of women who have any post delivery complication, sought treatment for the problems and source of treatment, India, 2002-04 | 404 |
| Table A.4.12 Percent distribution of children under age 3 who have received any vaccination by source of last vaccination, India, 2002-04 | 404 |
| Table A.4.13 Percent distribution of children under age 3 who have received Hepatitis B vaccines, 2002-04 | 405 |
| Table A.4.14 Percent distribution of children under age 3 who have not received any vaccination by reason reported by mother for not giving vaccination, West Bengal, 2002-04 | 405 |
| Table A.4.15 Percentage of women who are aware of Diarrhoea management, type of practice followed if child gets Diarrhoea by percentage of women whose child have suffered from Diarrhoea, 2002-04 | 405 |
| Table A.4.16 Percentage of women who have sought treatment whose child have suffered from Diarrhoea by source of treatment, India, 2002-04 | 406 |
| Table A.4.17 Percentage of women who are aware of danger signs of Pneumonia, by danger signs of Pneumonia by percentage of women whose child have suffered from Pneumonia, 2002-04 | 406 |
| Table A.4.18 Percentage of women who have sought treatment whose child have suffered from cough and cold by source of treatment, India, 2002-04 | 407 |
| Table A.4.19 Regionalisation of Antenatal Care, West Bengal, 2002-04 | 407 |
| Table A.4.20 Regionalisation of Place of Delivery, West Bengal, 2002-04 | 407 |
| Table A.4.21 Regionalisation of Obstetric Morbidity, West Bengal, 2002-04 | 407 |
| Table A.4.22 Regionalisation of Child immunisation, West Bengal, 2002-04 | 408 |
| Table A.4.23 Regionalisation of Childhood Morbidity, West Bengal, 2002-04 | 408 |
| Table A.4.24 Percentage of women who have home visit by a Doctor, ANM/LHV, or male health worker in the 3 months preceding the survey, among women who have home visit, satisfied with time spent by health workers and with services provided, 2002-04 | 408 |
| Table A.4.25 Percentage of women who are visited by health worker in the 3 months preceding the survey, and percentage of women who visited health facility and the percentage of women who discussed specific topics with the health worker, 2002-04 | 408 |
| Table A.4.26 Percentage of women who needed to visit health facility, but not visited and percentage of women who visited health facility by type of health facility, 2002-04 | 409 |
| Table A.4.27 Percent distribution of women who visited Private health facility by reason for not visiting Government health facility, 2002-04 | 409 |
| Table A.4.28 Percentage of women who are advised to have delivery at health facility by Doctor/health worker and percentage who receive follow-up services within 2 weeks and within 6 weeks of delivery by ANM, 2002-04 | 409 |
| Table A.4.29 Percentage of women who visited Government health facility and rated quality and availability of services during most recent visit to a Government health facility in the 3 months preceding the survey, 2002-04 | 410 |
| Table A.6.1 Demographic Profile of the Surveyed Villages | 411 |
| Table A.6.2 Socio-cultural Profile of the Surveyed Villages | 411 |
| Table A.6.3 Working Participation Rate (sector-wise) of the Surveyed Villages | 412 |

| List of Appendix Tables | Pages |
|---|--------------|
| Table A.6.4 Educational Facilities of the Surveyed Villages | 412 |
| Table A.6.5 Medical Facilities of the Surveyed Villages | 413 |
| Table A.6.6 Drinking Water Facilities of the Surveyed Villages | 414 |
| Table A.6.7 Communication Facilities of the Surveyed Villages | 414 |
| Table A.6.8 Transportation Facilities of the Surveyed Villages | 415 |
| Table A.6.9 Banking Facilities of the Surveyed Villages | 415 |
| Table A.6.10 Exposure to Mass Media Facilities of the Surveyed Villages | 416 |
| Table A.6.11 Approach Road Facilities of the Surveyed Villages | 416 |
| Table A.6.12 Electricity Facilities of the Surveyed Villages | 417 |
| Table A.6.13 Other Details of the Surveyed Villages | 417 |
| Table A.6.14 Demographic Profile of Surveyed Towns | 418 |
| Table A.6.15 Socio-cultural Profile of Surveyed Towns | 419 |
| Table A.6.16 Work Participation Rate (sector-wise) of Surveyed Towns | 420 |
| Table A.6.17 Regression Analysis | 421 |
| Table A.6.18 Correlation Coefficients | 426 |
