

## **ACKNOWLEDGEMENT**

I would like to express my humble and sincere gratitude and regards to my respected research guide Dr. Hari Prasad Sarma, Professor, Department of Environmental Science, Gauhati University, presently the Rector, Gauhati University, Guwahati, Assam, for his relentless and inspiring guidance and inspiration throughout the period of my work. I owe my heartfelt thanks to Prof. S. Kalita, Head of the Department of Environmental Science, Gauhati University, for providing all the necessary laboratory facilities and administrative support and valuable advice for completing my thesis work.

I take this opportunity to express my deep sense of gratitude and sincere thanks to Shri Samudra Baishya, Deputy Director, Directorate of Forensic Science, Assam, for providing me with the Gas Chromatograph facilities to carry out some analytical works during the course of my study. I would also like to acknowledge Mr. Mridul Dev Adhikary, Senior Environmental Scientist, Central Lab, Pollution Control Board for providing me the instrumental help while carrying out some of the experimental studies.

My heartiest thanks have been extended to Dr. Pratap Chutia, HOD and Mr. Chandra Sharma, Asst. Professor, Department of Environmental Management, Dimoria College, Assam, and Sangeeta Sarma, Research Scholar, IAP, Chinese Academy of Sciences, for their incredible help throughout my research works. I am very much thankful to my students, Ms. Minakshi Sharma and Mr. Durlov Jyoti Kalita for their valuable help they offered during the study.

I thankfully acknowledge the help of the entire staff of the Department of Environmental Science, Gauhati University, Assam and the Department of Environmental Management, Dimoria College, Assam.

I want to express here again my heartily thanks to Dr. Debabrat Baishya, Asst. Professor, Department of Bioengineering and Technology, Institute of Science and Technology, Gauhati University, Assam and Mr. Bidyut Bikash Sarma, Lab Assistant, and Ms. Abeda Khatun, Research Scholar, Department of Environmental Science, and Mr. Mrinal Kumar Baishya, Research Scholar, Gauhati University, Assam for helping me in the proof-reading and drafting of the thesis.

I take the opportunity to acknowledge my extreme gratitude to my husband, Mr. Mantu Kumar Das for his constant encouragement, support and kind cooperation throughout the course of the research work and compilation of this thesis.

Lastly, I express my appreciation and deepest sense of gratitude to my parents, and my entire family members for their patience, constant inspiration and support that sustained my desire to put my work into completion.
