ACKNOWLEDGEMENT

The road to success has many milestones and hurdles. Milestones, as they pass by give a sense of relief but it is the hurdles, which make a person stop and think. It is at these times that we look to others for help.

This is just an endeavour to acknowledge and thank everyone who helped me cross the hurdles and extended their invaluable advises as and when required.

The person without whose help this thesis would not have been the light of the day, is Dr Anil Kaushik, M.D, Professor and Head Department of Paediatrics, a teacher par excellence, who guided me as a mother would teach her toddler how to walk. He was ever-ready to help, clarify doubts and show me the right path. Under his able guidance. I could accomplish what I could not do without him.

The immense and generous help, compounded by the expert guidance and constant encouragement extended by Dr. R.K. Agarwal MD, Professor. Department of Microbiology, M.L.B. Medical College, Jhansi, has imbibed in me an unflagging zeal for this work. His ready acceptability, even at his personal inconvenience, and heartening words provided the self-confidence so vital for undertaking such project.
I am highly thankful to Dr. S.P. Singh, Ph.D.- Ex-WHO Fellow Professor & Head Department of Bio-Chemistry, M.L.B. Medical College, Jhansi, who was a ever lasting source of inspiration and knowledge confer me invaluable guidance and advice.

Words fail to express deepest sense of gratitude to Dr. R.S. Sethi, MD, DCH, Professor, Department of Pediatrics, M.L.B. Medical College, Jhansi, for his constant and consistent help. His most precious help, keen interest, valuable suggestions and constant encouragement to mould this work have been extremely fascinating in successful completion of work.

I also extended my warm gratitude to Dr. Lalit Kumar MD, DCH, Associate Professor, Department of Pediatrics, M.L.B. Medical College, Jhansi, for his help and careful attention to certain queries, which posed critical problem.

I extend special thanks to my juniors for the timely help and support.

The entire manuscript has been computerized in an exemplary manner by Mr. Rafat Jamal Siddiqui (Yes Computers, Sadar, Jhansi). I am highly thankful to him for his patience and untiring efforts.

Date: 21.12.06
