ACKNOWLEDGEMENT

It is my prime duty to express my deep sense of gratitude and indebtedness to my Ph. D. supervisor Dr. A. K. Roy, Scientist (Genetics and Cytogenetics), Division of crop improvement, Indian Grassland and Fodder Research Institute Jhansi, under whose guidance and supervision the entire investigations were carried out. This is not merely a traditional formality in fact it is his talented and inspiring guidance, valuable suggestion and healthy criticisms in solving problems during the course of present investigation which has enabled me to accomplish this work.

I offer my esteemed thanks to Dr. D. R. Malaviya, Scientist, (Plant Breeding) and Dr. P. Kaushal, Scientist, (Genetics and Cytogenetics) for their useful suggestion and helping attitude in planning, execution analysis and interpretation of the experiments and also preparation of thesis.

Grateful thanks are due to Dr. S. N. Zadoo, Principal Scientist (Genetics and Cytogenetics) and Dr. R. N. Choubey, Head, Crop Improvement Division, who have extended their full support and guidance.

I am highly thankful to Dr. P. S. Pathak, Director IGFRI, Jhansi for his valuable suggestion and encouragement. My sincere thanks are due to Dr. Bhag Mal, the then director IGFRI, for granting permission and providing necessary help and guidance. Thanks are also due to Dr. P. S. Tomer, Ex-director IGFRI and Dr. N. P. Melkania, Project co-ordinator (Forage crops) for their valuable suggestions and help.

I wish to acknowledge my thanks to my research colleagues. Shri Bijendra Kumar and Km. Abha Jain who have extended all co-operations throughout the working period.

My sincere thanks are also due to all scientists of crop improvement division and other divisions who have helped me many times.

I am also very much thankful to the family members of Dr. A. K. Roy, Dr. D. R. Malaviya, and Dr. P. Kaushal.
Last but not least I owe my special gratitude to my loving parents my brother Dr. Rajeev Tiwari and other family members whose affection, care and tremendous inspiration has boosted up my energy and interest under every circumstances and has helped me in compiling the research work.

I shall be failing in my duty if I do not record the support and encouragement of my husband Abhay who has been constant source of inspiration in this endeavor. At this moment I can not forget my loving in-laws who dreamed for my higher education.

APARNA TIWARI.
