Acknowledgement

It has been a matter of honours for me to have the opportunity to work under the able supervision and guidance of Dr. Rajeev Sinha (M.S.), Associate Professor, Department of Surgery M.L.B. Medical College Jhansi, word are inadequate to express my indebtedness to him. I am grateful to him for providing all the things required and for having spared his precious time to go through the every detail of this entire transcript with valuable and relevant suggestions, without which it would not have been possible for me to complete this work. A continuous encouragement has been the backbone of the study.

I feel highly obliged to Dr. R.P.Kala (M.S.), Professor and Head, Department of Surgery, M.L.B., Medical College, Jhansi who provided all sort of assistance to make it complete.

I a highly thankful to Dr. Dinesh Pratap (M.S.) Associate Professor, Department of Surgery who provided every help and valuable guidance whenever needed.
I am sincerely thankful to my co-guide Dr. R.K. Agrawal, M.D., Associate Professor and Head of Department of Microbiology for this meticulous advice, constructive criticism and also for giving an invaluable time from his busy schedule at various stages of my project.

Sincere thanks goes to my parents for extending constant moral support and utmost help whenever I needed and am fully indebted to them for their continuous inspiration to perform this work with devotion and truthfulness.

In the last but not the least, I am thankful to my colleagues and juniors who made this work neat clean and completed in time.
