ACKNOWLEDGMENTS

The author takes this opportunity of expressing his gratitude to:

The Ministry of Health, Government of India, Indian System of Medicine, - for their kindness in permitting the author to utilize part of the data obtained by him as Pharmacognosist in the scheme of 'Investigation of Indian Medicinal Plants' at the Indian Drugs Research Association Laboratories, Poona (letter No.F.20-73/62-ISM. dated 10th December 1962 from the Under Secretary, ISM).

Dr. S. S. Pendse, honorary Director, Indian Drugs Research Association, Poona, and

Dr. N. Narayana, Honorary Professor of Biochemistry, Maharashtra Association for the Cultivation of Science, Poona - under whose valuable guidance these investigations were carried out.

Dr. C. Dwarkanath, Adviser, Indian System of Medicine, Ministry of Health - for his encouragement and periodical suggestions.

Dr. P. K. Bhattacharyya, National Chemical Laboratory, Poona,

Dr. G. B. Deodikar, Director, Maharashtra Association for the Cultivation of Science, Poona,

Dr. T. S. Mahabale, Head of the Botany Department, Prof. S. R. Jawalkar, Professor of Botany, Prof. S. R. Adke, Professor of Statistics, Poona University, Poona,

Dr. K. J. Varadan, Pharmacologist, Hindustan Antibiotics Ltd., Poona,

all of whom readily gave help and advice.

And last but not least,

Dr. A. S. Paranjape, Prof. S. R. Godbole, Sri R. B. Gode, Dr. V. A. Bedekar, Shri S. K. Damle and Shri C. S. Dhale all of the Indian Drugs Research Association Laboratories, and

Shri A. R. Kulkarni, Prof. A. V. Sathe, Shri M. C. Hegde, and Shri S. V. Dhuru for their valuable help during the day to day progress of the present investigations.
