ACKNOWLEDGEMENTS

I am indeed grateful to my supervisor, Prof. (Dr.) K. K. Koul, School of Studies in Botany, Jiwaji University, Gwalior, for his immense contribution, patience, understanding, guidance, encouragement, constructive criticisms and support throughout the course of this program. His in-depth knowledge has been extremely beneficial for me. I always found him simple, selfless and humble. It will be really hard to describe him in words and would feel successful if I emulate even a fraction of him. I think I am still far from over in terms of learning from him.

My sincere thanks to Prof. Avinash Tiwari, Head, School of Studies in Botany, and former head Prof. Rekha Bhadauria, for their encouragement, help when needed and for the necessary facilities. I am also highly grateful to my respected teachers, Prof. A.K. Jain, Prof. R. M. Agarwal, Prof. M. K. Gupta, Dr. S. Manderia and Dr. S. Patel for their valuable suggestions.

I would like to convey my sincere regards to respected Prof. Sameer Bhagyawant, Head, School of Studies in Biotechnology, Prof. Neeraj Jain, School of Studies in Physics, Dr. Bhoopander Giri, Delhi university, Dr. Manish Shrivastava Senior Scientist, IARI, New Delhi and Dr. Shashi Sharma Scientist C, DRDE, for their support, affection and appreciation.

I gratefully acknowledge the Director, CPRS, Gwalior, for help provided and specially Dr. Sanjay Kumar Sharma for assistance and materials provided.

My special gratitude is due for my senior Dr. Rafiq Ahmad Lone for his constant help and his commitment to me at all times. He always replied my queries increasing my enthusiasm. Gratitude is due to my lab mates Dr. Razia Shuab, Anamika Saral, Shilpa Sood who always remained besides me and encouraged me at every stage of work.
Special thanks are due for Drashya Sharma, Mufida Fayaz and Musadiq Hussain Bhat for providing their support at every stage. Thank you Dr. Madhu Gupta, Ajay Gautam, Dr. Neha Gupta, Malini Sharma, Megha Tittal, Sangeeta Sharma, Bandna Kumari, Renu Kulshrestha, Bishnu Sharma, Muzamil Sheikh, Amit Kumar, Mudasir Fayaz.

I am emotionally grateful to Mr. Rajnish Tripathi my husband, for his unfailing love, understanding, and support during this work. You are a wonderful husband. I will remain ever grateful to you for taking good care of Kanha, our child who was a cause for strength when things looked falling apart. We both are blessed with your coming in our life.

My thoughtful parents, Smt. Anjali Pathak and Shri A.R. Pathak for their support, guidance and believing in me. They are something special beyond expression, and always there for me in mitigating my problems. I miss my Late father in-law Shri R.K. Tripathi whose blessings are always there and Smt. Madhavi Tripathi mother in-law who specifically needs mention for her cooperation and support.

I gratefully acknowledge Supratech Micropath Laboratory for the Biometrics Vitek-2 System and Labreq Bioscientific Laboratory for help.

I sincerely thank the non-teaching staff especially Shri Parmanand Tilwani, Mrs. Pushyamitra Sharma, Mr. Suneel Kumar and also non teaching staff of the School of Studies in Botany and Microbiology for their great help during my Ph.D. Programme.

I am extremely thankful and will remain so to all my friends and colleagues, who made this work possible. I may have inadvertently missed someone and if any, to them I extend my heartfelt apologies and assure then they are so thankfully acknowledged.

(Deepmala Pathak)
