ACKNOWLEDGEMENT

I earnestly from the core part of my heart thank you god, for bestowing me with this knowledge and enabling me, to ebb towards the shore of the vast science ocean.

I wish to express my deep sense of indebtedness and gratitude to my beloved guide Dr. S. Muthunatesan, Associate Professor, Department of Physics, Government Arts College (Autonomous), Kumbakonam – 612001, for his inspiring guidance, tireless support, encouragement and valuable suggestions from time to time during the entire tenure of my work.

I am highly thankful to Prof. Dr. S. Jayarama Reddy - Chancellor, Prof. Dr. V. S. Vishnu Potty - Vice Chancellor, Prof. Dr. G. Srinivasu - Registrar, Prof. Dr. S. Balaji - Dean, Faculty of Science, Prof. Dr. T. Venugopal - Director (Research and Publications) & Dean – Arts and Humanities and Dr. G. P. Raman - Controller of Examinations, of SCSVMV University, who were kind enough to permit me to carry out the research work in the Department of Physics.

I am also thankful to Dr. K. Venkatramanan, Professor & Head, and my fellow staff members of Department of Physics, Prof. C. V. Venkatakrishnan, Dr. M. Sundarrajan, Dr. R. Raja, Mrs. J. Suganthi and Dr. K. Rajalakshmi, for their whole hearted support and encouragement throughout the research period. Also I express my sincere thanks to Mrs. J. Sudha, Mr. S. Girivel and Mr. R. Padmanaban, Senior Lab Instructors, Department of Physics, SCSVMV University, for their continuous encouragement during my research work.

It is my pleasure to express my sincere thanks to Mr. V. Santhanam, Assistant Professor of Chemistry, SCSVMV University, Dr. V. P. Mahadevan Pillai, Professor & Head, Department of Optoelectronics, University of Kerala, Karyavattom, Thiruvananthapuram, Kerala, Dr. K. Chaitanya, Nanjing University of Science and Technology, Republic of China, Dr. Gabor Keresztury, Head, Optical Spectroscopy Laboratory, Chemical Research Centre, Hungarian academy of Sciences, Budapest, Hungary, Prof. Tom Sundius, Docent, Department of Physical Sciences, University of Helsinki, Finland and Dr. Biljana Arsic, Department of Mathematics, Faculty of Science and Mathematics, University of NIS, Nis, Republic of Serbia, for their suggestions, encouragement and help extended at different stages of this work.

The instrumentation facility provided by the Sophisticated Analytical Instrumentation Facility (SAIF), IIT, Madras, Department of Optoelectronics, University of Kerala, St. Joseph’s college, Tiruchirappalli, VIT University, Vellore and Department of Chemistry, SCSVMV University, is gratefully acknowledged.
My sincere thanks to Mr. Manimaran, Dr. G. Mariappan, Miss. Subhapriya, my research colleagues and my students Miss. Dhivya, Miss. Varsha Singh, Mr. Patra Shanthanu, Miss. Jeelani, Miss. Revathy, Mr. Durgesh Kumar and Miss. Pushpamangai, whose timely help did much to enable me to complete this work.

Finally, I express my sincere thanks to my parents, my wife & my daughter, my brother and my friends & family members, whoever I missed to point out for their unwavering support, constant encouragement and help in the completion of this work in time.

V. Ragavendran
