ACKNOWLEDGEMENT

A major research project like this is never the work of any one alone. The contributions of many different people, in their different ways, have made this possible. I would like to extend my appreciation especially to the following;

I am indebted to express my deep sense of gratitude to my beloved research guide Dr. B. Chandra Mohana Reddy, Assistant Professor, Department of Mechanical Engineering, JNTUACE, Anantapuramu, A.P, for permitting me to do research work under him and for his excellent guidance, support throughout this research work. I am very much thankful to him for his friendly guidance, cooperation and liberty given to me to complete this research work.

I sincerely express my gratitude to Dr. S. Mallikarjunaiah, Principal, C.R. Engineering College, Tirupati to provide the facilities and support to me to do this research work.

I specially express my thanks to Prof. K. Rama Naidu, Director of Evaluation, JNTUA, Ananthapuramu for his kind support to do this research work.

I convey my heart full thanks to Prof. S. V. Satyanarayana, Director R&D JNTUA, Ananthapuramu for constant encouragement and advices during the tenure of research work.

I really express my gratitude and thanks to Dr. K. Prahlada Rao, principal, JNTUACE, Ananthapuramu and Dr. B. Durga Prasad, Professor & Head of Mechanical Engineering, JNTUCEA, Anantapuramu for their support and co-operation extended to me to do this research work.

I sincerely express my profound thanks and gratitude to my beloved professor and always my well wisher Dr. K. Vijaya Kumar Reddy, Professor of Mechanical Engineering, Jawaharlal Nehru Technological University Hyderabad, for his continuous encouragement and friendly advice to carry out this research work. He is the main source of inspiration to start this research work and he made tireless efforts through discussions and valuable suggestions which ensured the success of this project.

I am very much thankful to my dearest friend Dr. G. Venkata Subbaiah, Sr. Lecturer, S.V. Govt. Polytechnique, Tirupati, for his continuous encouragement to complete this research. I would also like to express my sincere thanks to Dr. B. Sidda Reddy, Associate Professor, Department of Mechanical Engineering, RGM College of Engineering, Nandyal, for his continuous help in doing this research work in all manners.
I convey my special thanks to Dr.K.Rajasekhar, principal, and Dr.P.Ravi, Assistant Professor of SEAGI, Tirupati for their continuous encouragement.

I am also thankful to my dear wife N.Dhanalakshmi and my children Dhaksha & Dimpu for their support to me throughout this research work.

Finally, I am thankful to one and all that helped me in bringing out this research work successfully.

P.Veera Sanjeeva Kumar
