ACKNOWLEDGEMENT

A school is far better than a holy temple. A teacher is more superior to the angels. I submit my sense of gratitude towards my mentor/supervisor Dr. A. K. Munirajan, Professor, Department of Genetics, University of Madras, Chennai to whom I feel honored be a student for now and ever. I shall remain ever indebted to him for his creative and expert guidance, constant encouragement, incessant discussion, everlasting moral support, constructive criticism, valuable suggestions, friendly approach, kindness and his trust on me. The inspiring words from him were always optimistic and brought me enormous energy that helped me to think and act at tough situations. I would rate my knowledge a drop of water where his wisdom is an endless ocean. I am gratefully acknowledge him for his continuing support beyond a research supervisor. I take privilege to convey that this research work would have not been possible without his generosity and special care on me.

I am deeply grateful to Dr. R. Malathi, Professor and Head, Department of Genetics, University of Madras, Chennai, for providing me all the laboratory facilities for the pursuance and completion of the study. I thank Dr. P. Shanki, Director, Dr. ALM PG IBMS, University of Madras, Taramani, and Chennai for providing the Institutional amenities.

I am deeply indebted to Dr. Elangovan Vellaichamy, Professor, Department of Biochemistry, Guindy Campus, University of Madras, Chennai who was a member of my doctoral committee for his valuable suggestions in my research. I express my grateful to my CSIR-JRF/SRF external committee member Prof. P. Gautham, Director, Center for Biotechnology, Anna University, Chennai.

I sincerely express my gratitude to Dr. G. Jayaraman (R.I.P.), Co-ordinator of M.Sc Molecular Biology programme and Former Director, Dr. ALM PG IBMS, University of Madras, Taramani, Chennai for his academic and moral supports that encouraged to excel my academic ambitions.

I am thankful to, Dr. A. Ramesh, and Dr. S. T. Santhiya, Former Professor and Heads, Department of Genetics, University of Madras, Chennai, for their pleasing comments, accompanied with gentle support.

I am sincerely faithful to Dr. N. Chandra R. Samuel (Associate Professor), Dr. C.R. Sri Kumari Srisailapathi (UGC scientist-C), Dr. B. Anandan (Assistant Professor), Dr. V. Aravindhan (Assistant Professor) and Dr. B. Usharani (Assistant Professor) the
Faculty members of Department of Genetics for their precious academic support and research suggestions.

I express my gratitude to Dr. A. K. Murugan, Scientist, Department of Molecular Oncology, King Faisal Specialist Hospital and Research Center, Saudi Arabia for his valuable suggestions and extended support to prepare the scientific manuscripts and Ph.D. thesis.

I express my gratitude to the clinical collaborator of this study Dr. S.M. Chandramohan (Professor and Head), Dr. Bennet Duraisamy (Assistant Professor), Department of Surgical Gastroenterology, Rajiv Gandhi Government General hospital, Madras Medical College, Chennai for their extended cooperation to acquire cancer samples from the patients for the successful completion of this work.

I have no words to express thank to my brothers Dr. D. Vishnu prabu, Dr. A. K, Deva Magendhra Rao, Dr. M. Manikandan, Mr. V. Vinoth Kumar, Mr. Arun kumar, Mr. Sudesh, Dr. A. J. Jagadeesan, and Dr. S. Sambantham with whom I had memorable moments which made my Ph.D journey an experience of its own. I am thankful to my junior lab mates Ms. S. Revathi Devi, Ms. V. Vaishnavi and Mr. M. Nagarajan for their cooperation and kind support.

I am indebted to the non-teaching staffs of Department of Genetics Mr. Easter Raj Solomon, Mr. Janardhana Rao, Mr. G. Thirunavukkarasu (Retd) and Mr. Devasagayam for their help and memorable gesture during this period.

I am also thankful to Council of Scientific and Industrial Research (CSIR) for research fellowship. I record my sincere thanks to Department of Genetics and University of Madras for providing all the required facilities and the privilege of a student.

At last, I express my gratefulness to my ever inspiring unborn brother Dr. Ilangovan Ramachandran, Assistant Professor, Department of Endocrinology, Dr. ALM PG IBMS who encouraged me to get into research and I am obliged him forever to his constant support that revitalized me at disadvantageous circumstances.

-Arun
