ACKNOWLEDGEMENT

It is with great pleasure, I express my deep sense of gratitude to Dr. M. Michael Aruldhas, M.Sc., M.Phil., Ph.D., Lecturer, Department of Endocrinology, Dr. A. L. M. P.G. Institute of Basic Medical Sciences, University of Madras, Taramani, Madras - 600 113, for suggesting the problem and providing able guidance, with continuous encouragements. He has been a source of inspiration for selecting this problem. I could always count upon his unfailing help, constructive criticism, brotherly affection and instant provision of all requirements during the course of study.

I express my whole hearted thanks to Dr. P. Govindarajulu, M.Sc., Ph.D., F.I.C.S., F.R.E.S (Lond.), F.A.S.I., Director, Dr. A. L. M. P.G. Institute of Basic Medical Sciences, University of Madras, and Professor and Head, Department of Endocrinology for permitting me to do research in the Department of Endocrinology, providing all facilities, sustained encouragement and constructive criticism throughout the course of my study. I am also indebted to him for his help in the RIA of hormones.

It is with immense pleasure, I acknowledge my gratefulness to Rev. Fr. Stephen T. De Souza, S.J., M.Phil., Professor and Head, Department of Zoology, Rev. Fr. G. Packiaraj, S.J., M.Phil., Principal, St. Xavier's College, Palayamkottai, for granting me permission to complete this task in a successful manner, for their continuous encouragement and good wishes.
I also extend my sincere thanks to Dr.K.Balasubramanian, Dr.N.Srinivasan, Lecturers and Dr.J.Arunakaran, Technical Assistant, Department of Endocrinology, for their continuous help and encouragement at various levels of my career in completing the task.

My sincere thanks are due to Dr. S. Vittal, M.S., F.R.C.S., F.I.C.S., Professor and Endocrine Surgeon, Dr. K. Bijal Kumar, M.S., M.N.A.M.S., General Surgeon, Surgical Endocrine Unit, Govt. Medical College, Madras for their help in procuring thyroid tissue samples for the present study and encouragement rendered by them.

My sincere thanks are due to Dr.Mrs. Renuka Govindarajulu, B.Sc., M.B.B.S., for her help in getting a number of myxedematous women for the present study and her interest in the progress of my research activities.

I express my sincere thanks to Dr.R.Kadirvel, M.V.Sc., Ph.D., Professor and Head, Department of Animal Nutrition, Madras Veterinary College, University of Veterinary Sciences, Madras and Associate Professors Dr.D.Chandrasekaran, M.V.Sc., Dr.R.Ravi, M.V.Sc., and Dr.R.Vijayakumar, M.V.Sc., for helping me at various levels to estimate trace elements.
I am very much thankful to Prof. S.S. Narayanaswamy, Additional Professor of Statistics, Presidency College, Madras-5 for his valuable suggestions in the statistical analysis of data.

My deep sense of gratitude is due to my uncles Dr. M. Thomas (USA), Rev. Fr. Benjamin, Dr. M. Peter Marian (M.K. University) and my brother S. John Ethyleston for their kind help and continuous encouragement for completing this task.

My personal and sincere thanks are also due to my loving wife Dr. D.A. Jeyaseeli Sebastian, B.D.S., for her personal and keen interest in completing this task.

I specially express my sincere thanks to my colleagues in the Department of Zoology, St. Xavier’s College, Palayamkottai for their continuous encouragements throughout the course of study.

My sincere thanks are also due to Mr. R.C. Rajan Udhayakumar, Mr. K.J. Sha Nawas Khan, Mr. F. Felicis Antony, Mr. H.S. Muthu Mohamed and Mr. R.R. Manimaran, Research Scholars, Department of Endocrinology, for their timely helps at various stages of this work.

My thanks are also due to Mr. Sethuraman and Mr. S. Dawood for their help in the present study.

The contingency grant provided by the UNIVERSITY GRANTS COMMISSION during 1986 is gratefully acknowledged.
