ACKNOWLEDGEMENT

I express my sincere gratitude to my supervisor and mentor professor A. K. Munirajan, department of genetics for the continuous of support of my Ph.D research study, for his, kindness, motivation, constant encouragement, valuable suggestion and guidance. I am always grateful to him for all the freedom he has given and trained me as an independent researcher.

I would like to thank Professor R. Malathi, Head, Department of Genetics, for providing me the all the laboratory facilities to complete the research study.

I wish to thank my entire research committee member’s professor S. T. Santhiya, Department of Genetics, professor Elengovan vellichamy, Department of Biochemistry, Guindy campus and professor P. Gautam, Head and Director, Centre for biotechnology Anna University for their valuable suggestions during the period of my research work.

I thank Professor P. Shanthi, Director, Dr. ALM PG IBMS, University of Madras, Taramani, Chennai.

My sincere thanks to Professor G. Jayaraman (late), Department of Genetics and Professor N. Srinivasan (retired), Department of Endocrinology, for their help and support during my post graduate research period.

I gratefully acknowledge the teaching faculties of Department of Genetics, Dr. N. Chnadra R. Samuel (Assistant professor), Dr. C. R. Srikumari (UGC- Scientist - C), Dr. B. Anandan (Assistant professor), Dr. V. Aravindhan (Assistant professor) and Dr. B. Usharani (Assistant professor) for their support.

I would also like to thank the non-teaching staffs of Department of Genetics, Mr. G. Thirunavukkarasu (retired),
Mr. Easter Raj Solomon, Mr. Janardhana Rao and Mr. N. DevaSagayam for their support and unforgettable moments during my research curriculum.

It’s my privilege to thank the clinical collaborator of the present study Dr. Ramaní Rajendren, Professor (Retired) and Dr. Revathi Professor and Head Institute of Social Obstetrics & Government Kasturba Gandhi Hospital for Women & Children. Dr. R. Rajaraman, Head of the Department, Department of Surgical oncology, Govt. Royapettah Hospital, Chennai, Dr. K. S. Rajkumar, and Dr. Ajay, who generously gave me all cooperation and clinical samples for the completion of this study. I thank Dr. Sindhuja, Department of Gynaecological oncology Arignar Anna Memorial Cancer Hospital and Research Institute for her help and magnanimity during sample collection for the present study. My special thanks to Dr. Rjalakshmi, for her support and help during the course of the research study.

My special thanks to Dr. A. K. Murugan, scientist, Department of Molecular Oncology, King Faisal Specialist Hospital and Research Center, Saudi Arabia for his help, support and correcting manuscript and thesis.

My sincere thanks to my beloved seniors and friends Dr. D. Vishnu Prabu and Dr. A. K. Deva Magendhra rao for their constant support, timely help, care as an unborn brothers, valuable discussion and encouragement. I would like to mention the moment we shared together for the past nine years made it as unforgettable one.

I thank Mr. K. Arun and Dr. M. Manikandan, contemporaries and friends for their support, help and unforgettable moment’s during my research period.
I express my special thanks to unborn brothers, friends and colleagues G. Arun Kumar, R. Sudesh, Dr. K. Sivarajan, Dr. G. Muthu, Dr. M. Magesh, Dr. A. J. Jagadeesan, Dr. S. Sambantham, Mr. K. P. Najar, Mr. S. Arunprasath and Mr. E. Manivannan with whom I had many memorable moments.

I am thankful to my lab mates and dear friends S. Revathi Devi, V. Vaishnavi, M. Nagarajan, and S. Ramesh for their cooperation and kind support.

I gratefully acknowledge the funding sources that made my Ph.D. work possible. I was funded JRF and SRF by Council of Scientific and Industrial Research (CSIR) and SRF by Board of Research in Nuclear Sciences (BRNS).

Most importantly, none of this would have been possible without the love and patience of my family, to whom this thesis is dedicated to, has been a constant source of love, concern, moral support and strength all these years. I would like to express my heartfelt gratitude to my family.

I have to give a special mention for the support given by all the patients participated in this research study, Hospital staffs co-operated during sample collection. I warmly appreciate their generosity and help to the completion of this research work.

My heartfelt thanks to all my friends and special appreciation to all those peoples involved in this endeavor.

Finally, I extend my thanks to all those teachers who inspired and motivated me from my school days to research period.

(V. VINOTh KUMAR)
