Acknowledgement

Praise be to the God and Father of our Lord Jesus Christ! In his great mercy he has given us new birth into a living hope.

I would like to express my most sincere gratitude, deep sense of respect to my supervisor Dr. Nakul Chandra Maiti, for introducing me to the fascinating field of Biophysical Chemistry including Nanotechnology and Cancer Biology. I would like to thank you for encouraging my research and for allowing me to grow as a scientist. Your advice on both research as well as on my career is priceless. Without your untiring effort, motivation and guidance, it would have been impossible for me to achieve this goal. I could not have imagined having a better advisor and mentor for my Ph.D. study.

I would like to sincerely acknowledge my research institute, CSIR-Indian Institute of Chemical Biology for providing me a healthy environment and infrastructure to work, giving me a branch of excellent friend and teachers. I also like to thank Council of Scientific and Industrial Research (CSIR), Government of India, India for providing me a fellowship.

My sincere thanks also go to Prof. Samit Chattopadhyay (Director, CSIR-Indian Institute of Chemical Biology, Kolkata), Prof. Chitra Mandal (CSIR-IICB), Dr. Biswadip Banerji (Organic & Medicinal Chemistry Division, CSIR-IICB), Dr. Surajit Ghosh (Organic & Medicinal Chemistry Division, CSIR-IICB), Dr. Nikhil Guchhait (Department of Chemistry, University of Calcutta) for giving me the opportunity to have an excellent collaborative research work with their groups. I am also very much thankful to Prof. Siddhartha Roy (Ex. Director of CSIR-IICB). I would also like to thank all technician staff and officials of CSIR-IICB.

I would like to thank all my teachers starting from my childhood up to this stage, especially Mr. Gopal Giri sir (Associate Professor, Bhairab Ganguly College), Mr. Anirban Roy sir, SB sir, Dr. Sandip Kar (IIT Bombay), Prof. Susanta Giri. My special respect also goes to my school teachers, Sri Banamali Bhuniya sir, and Sri Jagadish
Samata sir, for their constant encouragement, wish and support. I also like to thank Mr. Debabrata Paul (Paul Sir) for his motivation.

A special thank goes to my lab mates: Uttam da, Swagata di, Sudeshna, Anupam, Supriya, Kaushik, Animesh, Mangaldeep and Krishnedu. All of you are very nice and working with you in a friendly and healthy atmosphere is a great achievement and the memorable one.

I am very grateful for all the peoples I have met along the way and have contributed to the development of my research. I would like to show my gratitude to Dr. Shubhasis Haldar, Dr. Sumit Kumar Pramanik for their help to complete some of my research work. I would like to thank Barakrishna, Abhijit, Moumita, Nitish, Kaushik, Milan, Arghya, Suman, Debpratim, Saikat, Biswajit da, Joy da, Simanta da, Ranendu da and all other friends, I forget to mention. I am very much thankful to all of you for your kind support and help during my Ph.D. programme.

A special thanks to my family. Words cannot express how grateful I am to my Maa and Baba for their undying support, selfless love and scarification, which let me stand on this stage. Their prayer for me was what sustained me thus far. I cannot find ways to thank them for what they did I my life to bring me up to my present stage. I would like to thank my elder brother, Prasanda da, Susanta da, Naryan mama, Mami ma, Dr. Basudev Dwari, and Dr. Balaram Pahari. I would also like to thank my Kaku, Kaki Ma, Dida, Piya, Pritam Bahi and Popy.

My greatest gratitude goes to Miss. Mouni Roy without her I would have never started this work in this institute. I also thank her for unconditional support, motivation, unflagging love and sacrifice.

Last but not the least, I also thank to Indian Army, Air force and Navy for their enormous effort and dedication to protect our nation from enemy and kept a peaceful environment throughout our nation.

Mritunjoy Maity
