Acknowledgement

I echo Hellen Keller’s words “Alone we can do so little; Together we can do so much”

Creating a PhD thesis is not an individual experience; rather it takes place in a social context and includes many whom I would like to thank sincerely.

First and foremost, I would like to bow down before the Almighty God, His grace is my strength.

I am deeply indebted to my research guide, Dr. (Sr). N. A. Aleykutty whose constant guidance, motivation, inspiration and prayers were the strong pillars of this research work. I acknowledge her support in all the milestones of my life including this research.

I would like to extend my sincere thanks to Dr. Jyoti Harindran, Principal, for her encouragement throughout this work. I extend my sincere gratitude to Dr. Krishnakumar KR, Dr. Anilkumar N. and A.J. Chacko for their great support and co-operation.

When I look back, I remember with gratitude Dr.A.K. Panda & Dr. C.K.Anish, National Institute of Immunology, New Delhi for developing my skills in nano formulations for drug delivery. My sincere thanks to Dr. Sabu Thomas, School of Chemical Sciences, M.G. University, for his helping hands and inspiration.

I express and extend my sincere gratitude to all my colleagues. I would like to thank all my students who worked in my group and a special thanks to Rosmy for helping to develop my lab into its present status.

Most importantly, none of this would have been possible without the love and patience of my family. Sincere love and thanks to my wife and children who stood behind during the years with all support. Also I am thoroughly grateful to my parents and in-laws for their unconditional love and support. I also would like to thank my brother, sisters and co-brothers.

Finally, I would like to appreciate all who directly and indirectly helped to achieve this goal. Let me conclude by quoting, Colin Powell:

“A dream doesn’t become reality through magic; it takes sweat, determination and hard work “
We acknowledge, AICTE- New Delhi for the financial support of Rs. 21.5 Lakhs, under the Research Promotion Scheme for this research work, vide Letter No. 20/AICTE/RIFD/RPS (POLICY-III)/19(Govt)/2012-13 dated 12/02/2013.
