ACKNOWLEDGEMENT

First and foremost, the investigator bows in reverence to God Almighty for the manifold mercies and blessings showered for the successful completion of the study.

The author expresses her reverential gratitude to Dr. T.S. Avinashilingam, the Founder and First Chancellor and Padma Shri Dr. Rajammal P. Devadas, Former Chancellor, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for giving us the temple of learning.

The author records her gratitude to Thiru T.S.K. Meenaskhisundaram, Former Chancellor, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for giving the opportunity to pursue her research in this Institution.

The author records her sincere thanks to Padma Shri Dr.P.R. Krishnakumar, Chancellor, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for providing all the facilities to execute the study.

The author would like to offer her sincere thanks to Dr. Premavathy Vijayan, Vice Chancellor and Dr. S. Kowsalya, Registrar, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for providing all the facilities and support required for the completion of the thesis.

The author would like to express her grateful thanks to Dr. K.Manimozhi, Controller of Examinations, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for her good wishes during the period of the study.

The author wishes to express her gratitude to Dr. Sheela Ramachandran, Former Vice Chancellor, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for granting permission to pursue Ph.D in this Institution.

The author expresses her sincere thanks to Dr. Gouri Ramakrishnan, Former Registrar and Dr.A. Venmathi, Former Registrar (i/c), Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for extending all possible support for the successful completion of the study.

The author would like to extend her thanks to Dr. A. Parvathi, Dean, Faculty of Science Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for providing all the help in the smooth accomplishment of the study. The author would like to put on
record her gratitude for Dr. R. Parvatham, Former Dean, Faculty of Science and Head, Department of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for her kind words of encouragement, support and motivation in the completion of the study.

The author wishes to express her profound gratitude to Dr. S. Annapurani, Professor and Head, Department of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for her constant support, blessings and encouragement during the period of study.

The author wishes to express her sincere gratitude to her guide Dr. V. Bhuvaneswari, Professor, Department of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for her motivation, encouragement, and kind advice in all the time of study. Her constant support, clear ideas, enthusiasm, generous care and her devotion to her students' education and success have made a deep impression on the author. The author extends her heartfelt gratitude to the advisor for her expert knowledge and perfection in formatting the entire thesis. The author deeply expresses her gratitude to the research supervisor for her valuable efforts and precious time to complete the research and reach the destination successfully.

The author extends her heartfelt and sincere gratitude to Dr. S. Mahimairaja, Dean of Agriculture and Professor of Environmental Science, Tamilnadu Agricultural University, Coimbatore for his right ideas, encouragement and valuable suggestions as the expert member of Doctoral Committee.

The investigator would like to offer her sincere thanks to Dr. G.P. Jeyanthi, Director of Research and Consultancy, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for her valuable suggestions rendered during the period of the study.

The author extends her heartfelt and sincere gratitude to Dr. M. Rajeswari, Assistant Professor, Department of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for her timely help and moral support with her constant oasis of ideas. The author wishes to thank Dr. V. Sharulatha, Assistant Professor, Department of Chemistry, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for the help rendered in GC-MS analysis.

The author expresses her sincere thanks to Dr. A. Shobana, Assistant Professor and all other staff members, Department of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam
Institute for Home Science and Higher Education for Women, for their timely help and valuable suggestions rendered during the period of the study.

The author would like to convey her heartfelt thanks to non-teaching staff members of the Department of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for their timely help and cooperation. The author would like to record her thanks to all the research scholars of the Department of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for their help during the period of study.

The author owes her deepest gratitude to her family for their love, prayers, sacrifices, care and support towards the successful completion of the research work. Finally, the author thanks all her well-wishers who had been supportive to the successful completion of this thesis, as well as expressing her apology that she could not mention personally one by one.
