ACKNOWLEDGEMENT

My first thanks to Almighty God & My Parents, elder brother and sister-in-law, without their blessings, it would have never been practicable to write my thesis.

I would like to express my sincere and heartfelt gratitude to my supervisors, Prof. (Dr.) Srinivas Sethi of Indira Gandhi Institute of Technology (IGIT) Sarang (Govt. of Odisha) and Prof. (Dr.) Ajit Kumar Nayak of Institute of Technical Education & Research. Siksha ‘O’ Anusandhan University for giving me the guidance, encouragement, counsel throughout my research work. I again express my thanks to Prof. (Dr.) Srinivas Sethi to provide me research facility in the Sensor Lab funded by SERB Dept. of Science and Technology (DST), Government of India; during this Ph.D. work.

I would like to record my obligations to Prof. (Dr.) P.K. Nanda, Dean (Research and Development), SOA University and Prof. (Dr.) Debahuti Mishra, H.O.D Computer Science & Engineering, ITER, SOA University for active support in this thesis work.

I then would like to express my deepest respect to Prof. (Dr.) Siba K. Udgata, Professor, University of Hyderabad and Prof. (Dr.) Chita R. Das, Professor, Pennsylvania State University, USA for constant source of inspiration, encouragement, and intellectual guidance; made me energized at distinguished stages of my work.

I would like to take the opportunity to thank My M.Tech supervisor Prof. (Dr.) Laxman Sahoo. Professor, KIIT University and my B.Tech/M.Tech teacher Prof. (Dr.) Satyabrata Das. Associate Professor, VSSUT Burla; for valuable suggestions, advice and encouragement during this work.

Lastly, words run to express my thankfulness to Prof. (Dr.) Hrudaya Kumar Tripathy. KIIT University, Prof. (Dr.) Suchismita Chinara, NIT Rourkela, Prof. (Dr.) D. P. Mohapatra, NIT Rourkela, Prof. (Dr.) Suresh Ch. Satapathy, PVPSIT, Dr. D. B. Ramesh, SOA University and others for positive gesture towards this work.

Alok Ranjan Prusty
