ACKNOWLEDGEMENT

The path towards this dissertation has been circuitous. Its completion is thanks in large part to the special people who challenged, supported and stuck with me along the way.

First of all, I would like to express my deep gratitude to Prof. (Dr.) Ajit Kumar Nayak who encouraged me to pursue this project and taught me the art of research for the contribution towards Odia language – my mother tongue. I truly enjoyed working in a research environment that stimulates original thinking and initiative, which he created.

I gratefully acknowledge for stoic patience of Prof. (Dr.) P.K. Nanda, DEAN Research, Siksha ‘O’ Anusandhan University. Special thanks to Prof. (Dr.) Debahuti Mishra for overall support, encouragement and sharing valuable information.

I would like to acknowledge the valuable input of Prof. (Dr.) Ashok Kumar Mohanty, who contributed too many discussions that helped to shape this thesis and was always willing to help resolving the most difficult modelling issues. This work would not materialize without the extensive support of my colleagues. It was a great pleasure working with them and I appreciate their ideas, help and good humour.

My eternal cheerleader, Late Biswanath Sahu, I miss our interesting and long-lasting discussions. My forever interested, encouraging and always enthusiastic mother Susila Sahu, she was always keen to know what I was doing and how I was proceeding, although it is likely that she has never grasped what it was all about. I am grateful to all my family members, who have provided me through moral and emotional support in my life, special thanks to my three offsprings—Sugyani, Suvendu and Sreeyanshi.

This acknowledgment would be incomplete without expressing my regards to the almighty, without whom I wouldn’t have been writing it at all.

With regards to the numerous questions about my future academic endeavours from family and friends, I shall answer in the words of Winston Churchill:

“Now, this is not the end. It is not even the beginning of the end. But, it is, perhaps, the end of the beginning”

Ms. Mamata Nayak
