ACKNOWLEDGEMENTS

At first I wish to bow down my head to the almighty ‘Allah’, the Creator and Sustainer of the universe, the source of all knowledge and wisdom, for giving me power to complete my entire research work. Thank You for everything.

I owe my indebtedness and virtual veneration towards my supervisor, Dr. Shahid Umar, Associate Professor, Department of Botany, Jamia Hamdard, New Delhi for his constant inspiration and versed advice, continuous supervision, encouragement, constructive criticism and tireless optimism that have kept me going.

I wish to record my sincere appreciation and gratitude to my Co-supervisor Dr. Kalyani Srinivasan, Principal Scientist, Division of Germplasm Conservation, NBPG, New Delhi for being an excellent supervisor, for providing me an opportunity to work under her kind guidance. I am thankful for her exceptional ideas, wholehearted support and tireless encouragement throughout.

It gives me tremendous pleasure to express my esteemed and profound sense of gratitude and reverence to Dr. R K Tyagi, Head, Division of Germplasm Conservation, NBPG for his scientific suggestions, encouragement and facilities provided throughout this endeavour. It is great privilege for me to express my esteemed and profound sense of gratitude to Prof. Javed Ahmad, Head, Department of Botany, Jamia Hamdard for his constant guidance, critical suggestions and timely help during the course of my research work.

I wish to express my deepest sense of gratitude and indebtedness to Dr. K.V. Bhat, Principal Scientist, NBPG for answering all my questions, for sparing me so much time and resources during the cytological and biochemical studies. Dr. Sangita Yadav, Senior Scientist, and Dr. Poonam Suneja, Technical Officer, NBPG for providing the laboratory facilities to carry out lipid analysis by Gas Liquid Chromatography. I wish to extend my profound gratitude to Shri Arivalagan, Scientist, NBPG for his enthusiasm and guidance shown towards my study of mineral contents.

I emphatically express my loyal and venerable thanks and heartful gratitude to my teachers Prof M Iqbal, Prof M P Sharma, Drs. T O Siddiqui, Mahmood-u-zaffar, A Mujeeb, Altaf Ahmad and Dr. Uppendra Dhar for their able guidance and timely help extended to me.

I also express my sincere thanks to Dr. S K Jain, Principal Scientist, IARI for making available the cowpea accessions to conduct my research work. Special thanks are due to Dr. Zakir Hussain, Principal Scientist, IARI for giving me time
to time guidance, valuable suggestions and help. I wish to extend my thanks to Dr. Saleem Siddiqui, Professor, HAU, Hisar for the invaluable advice during the analysis of antinutritional factors. The timely help and guidance in going through the thesis and giving fruitful suggestions by Dr. P C Nautiyal, Principal Scientist, IARI is deeply acknowledged.

Words are not sufficient to depict my emotional feelings and love towards my Mother Aisha Begum who has consistently been a foundation for my studies and carrier, for her constant encouragement and moral support during my studies and my father Israr Ali Khan for bringing me up in the best of ways, for rendering me the best of education, for nurturing in me the best of ideals and for helping me to see the best of times.

I lovingly acknowledge the affection, blessings and unfailing support of my brother Izhar and my sisters Nikhat, Naz and Tahmeena. It was their back up and fondness that bolstered me, enabling me to successfully complete this milestone. There is no match to the love I show to my family, who made my life the happiest throughout my life.

Diction is not enough to express my special debt of gratitude to my in laws for being with me, for their loving and priceless cooperation in the course of my study.

Thanks are due to Drs. Neeta Singh, Veena Gupta, J Radhamani, Chitra Pandey, Anjali Kak, Sherry Rashel Jacob, Manju Uprety, A D Sharma, Mrs Rita Rani, Mrs Nirmala, Mrs Smita Lenka Jain, Mrs Latha Devdass for generally creating inspiring conditions for my research. Their scholarly guidance, experienced words and constant encouragement led me to complete this venture.

My veracious thanks are also due to all my labmates Dr Jewel, Mr Shadab, Ms Aradhana, Ms Akbari, Ms Sameena, Mr Ovais, who helped me a lot whenever I was in need during my research work. My sincere thanks are also due to all skilled assistants Sh. Ashok Kumar, Sh. Manoj Kumar, and Sh. Ram Kishan who never failed to lend a helping hand.

Finally, I want to thank my dearest husband, Afzal, for his true love, encouragement, flexibility and absolute tolerance during the last stage of my research, for taking care of me and being the sunshine of my life.

Everyone is not mentioned, but no one is forgotten.
