ACKNOWLEDGEMENT

I have great pleasure in expressing my profound gratitude to my research guide Dr. Merlee Teresa M.V., Reader in Botany, Department of Botany, St. Teresa's College, Ernakulam, for her constant encouragement, guidance and valuable suggestions throughout the course of the investigation.

I am grateful to Rev. Sr. Tessa, the Principal, St. Teresa's College, Ernakulam for granting me permission to undertake the study in the Department of Botany, St. Teresa's College.

My deep sense of indebtedness to Dr (Sr) Avita, Professor (Retd.) Department of Botany, St. Teresa's College, Ernakulam for her valuable moral support.

Dr. V. Rajagopal, Director, CPCRI, for his valuable guidance and constant help starting from the preparation of synopsis till the end of the study through his technical guidance and also by providing laboratory facilities for the biochemical studies as well as for analyzing other parameters.

Dr. K. V. Kasturi Bai, Sr. Scientist, CPCRI, for her help and guidance during the entire period of study especially in the bio-chemical analysis and in the finalization of thesis.

Dr. P. Rethinam, Ex-Chairman, Coconut Development Board for his inspiration, guidance and support during the course of the study.

Dr. H. P. Singh, Horticulture Commissioner, Govt. of India and Chairman, Coconut Development Board for his continued encouragement for completing this study and for the permission to record data from the Demonstration-cum-Seed Production Farm of the Board at Neriamangalam, Ernakulam district.

Shri P. K. Thampan, former Chief Coconut Development Officer, Coconut Development Board for suggesting this important area of work for my Ph. D. problem and his constant encouragement and proper directions.

Dr. R. V. Pillai, Retired Principal Scientist, Division of Crop Improvement, CPCRI, for his valuable help and guidance in finalizing my thesis.
Mr. Jacob Mathew, Principal Scientist (Retd), CPCRI, for his valuable guidance in the statistical analysis of data, interpretation of results and other encouragement in finalizing the thesis.

Dr. Nampoothiri, Technical Officer, CPCRI, Regional Station, Kayangulam for his untiring help and valuable assistance in the statistical analysis of the data.

Mr. V. Venkitachalam, former Statistical Officer, Coconut Development Board for his valuable help and encouragement in the finalization of the thesis.

Dr. J. J. Solomon, former Joint Director, CPCRI, Regional Station, Kayangulam for giving the permission to make use of the facilities for the statistical analysis.

Dr. B. Chempakam, Principal Scientist, Indian Institute of Spices Research, Kozhikode for her valuable help in the bio-chemical analysis.

Dr. R. K. Singh, Chief Coconut Development Officer, Coconut Development Board for his encouragement in completing this study.

Mr. V. K. Sankaran, Secretary, Coconut Development Board for the moral support rendered for completing the study.

Mr. Eldose, for his untiring assistance during the course of the study in selecting the ecotypes, collection of samples, and recording of data in a systematic way.

Mr. Panicker, for his constant encouragement and guidance in taking up this study.

My husband Mr. K. P. Gopalakrishnan Achary, son Renju Krishnan and daughter Remya Krishnan, for their co-operation, encouragement and help given during the course of the study.

Smt. Annie Eapen, Chemist, Coconut Development Board, for doing the chemical analysis of copra samples.

Shri. R. Vijayan, Coconut Development Board for the assistance rendered in page layouting of the thesis.
Shri. Bejoy for his assistance in data entry of the thesis work.

All officers and staff of the Coconut Development Board for the constant encouragement and moral support for completing the study.

All scientists in Central Plantations Crops Research Institute (CPCRI), Kasargod and Kayamkulam for their direct and indirect help in the course of the study.

I acknowledge the assistance and cooperation rendered by the members of the Department of Botany, St.Teresa's College, Ernakulam during the course of my study.

My special thanks to my colleagues Ms. Rekha. K and Mrs. Bindu Alex, who have rendered valuable help in comparing the thesis and its timely submission.

My thanks are also due to Mrs.Romily Margaret Mendez, Mrs. Lizzy Mathew, Mrs. Beena B. Nair, Mrs.Anita C.T, and also the non-teaching staff of the Department of Botany, St.Teresa’s College, Ernakulam for their sincere cooperation for the completion of the study.

All my friends and relatives who have directly or indirectly assisted me in this venture.

Above all I thank the Almighty for the successful completion of the thesis.

Rémany C
