I wish to express my deep sense of gratitude and profound thanks to **Dr. V. Pandurangadu**, Professor of Mechanical engineering, JNTUA College of Engineering, Ananthapuramu, for sparing his valuable time and inspiring confidence in me, in carrying out this research work. His valuable and propitious suggestions acted as a powerful source of motivation and drive throughout this work. He has been highly understanding during periods of crisis, ready with valuable solutions.

I am indebted to **Dr. K. Rajagopal**, former Vice Chancellor & Professor of Mechanical Engineering, JNTU, Hyderabad, for his inspirational guidance, tireless interest and keenness to help students in research problems which greatly enhanced my appreciation for him.

I express sincere thanks to my beloved Uncle **K L N Reddy**, for his support with his valuable suggestions and encouragement during the period of crisis without which I could not have completed this work.

I consider it a privilege to thank **Sri S. P. Akbar Hussian**, Associate Professor in the department of Mechanical Engineering, NBKIRST, Vidyannagar for his indispensable help and encouragement.

My heart-felt gratitude to **Prof. K. Hemachandra Reddy**, Registrar, J N T UA, Ananthapuramu, for his help, suggestions and encouragement during the period of crisis without which I could not have completed this work.

I consider it a privilege to thank **Sri C.V. Subba Reddy**, Professor in the department of Mechanical Engineering, Jawahar Bharati Technological institute KAVALI for his indispensable help and encouragement.
I specific my special thanks to B. Devendar Reddy my uncle who helped me in the crisis with his tireless encouragement for the thesis.

I express my sincere gratitude to my beloved parents Sri. S. Rama Krishna Reddy and Smt. S. Saraswati without whose blessings and encouragement, I could not have attained this stage. I thank my sisters and their families for their inspiration and encouragement extended to this work.

I express my appreciation and gratitude to my beloved wife Smt. B. Sireesha and my sons Ch. S. Teja Sai Eswar Reddy and Ch. S. Dheereswar for their affection and continuous encouragement without which I could not have completed this work.

I express my deepest appreciation to Mr. B. Chenchu Ramaiah, Senior Mechanic, Department of Mechanical Engineering, NBKIRST, Vidyaganagar who helped me in the preparation of the experimental work.

Finally, I extend my gratefulness to one and all who helped me directly or indirectly involved in the successful completion of this research work.

S. Sunil Kumar Reddy
