CHAPTER – 1	INTRODUCTION	1-34
1.1	Generalized Gaussian distribution	1
1.2	Review on distributional properties of generalized Gaussian distribution	1
1.3	Review on applications of generalized Gaussian distribution	8
1.4	Focus of the thesis	30
1.5	Organization of the thesis	33
CHAPTER – 2	ON A LEFT TRUNCATED GENERALIZED GAUSSIAN DISTRIBUTION	35-63
2.1	Introduction	35
2.2	On a left truncated generalized Gaussian distribution	36
2.3	Distributional properties	36
2.4	Order statistics of left truncated generalized Gaussian distribution	47
2.5	Inferential aspects of the left truncated generalized Gaussian distribution	55
CHAPTER – 3	ON A RIGHT TRUNCATED GENERALIZED GAUSSIAN DISTRIBUTION	64-89
3.1	Introduction	64
3.2	On a right truncated generalized Gaussian distribution	64
3.3	Distributional properties	65
3.4	Order statistics of right truncated generalized Gaussian distribution	76
3.5	Inferential aspects of the right truncated generalized Gaussian distribution	84
CHAPTER – 4	DOUBLY TRUNCATED THREE PARAMETER GENERALIZED GAUSSIAN DISTRIBUTION	90-125
4.1	Introduction	90
4.2	Doubly truncated three parameter generalized Gaussian distribution	90
4.3	Distributional properties	92
4.4	Order statistics of Doubly truncated three parameter generalized Gaussian distribution	107
4.5	Inferential aspects of the Doubly truncated three parameter generalized Gaussian distribution	117

CHAPTER – 5	TWO COMPONENT MIXTURE OF DOUBLY TRUNCATED THREE PARAMETER GENERALIZED GAUSSIAN DISTRIBUTION	126-138
5.1	Introduction	126
5.2	Two component mixture of Doubly truncated three parameter generalized Gaussian distribution	126
5.3	Distributional properties	128
5.4	Inferential aspects of the two component mixture of Doubly truncated three parameter generalized Gaussian distribution	133
CHAPTER – 6	SUMMARY AND CONCLUSIONS SCOPE FOR FURTHER WORK	139-142
